## Fyfe opposed

# Ambulance to integrate with fire department

After many weeks of debate over the question of how to go about providing an ambulance service to the people of St. Albert, city council voted Monday evening in favour of operating two emergency units out of the fire hall and integrating the ambulance service with the fire department for the time being.

Council's decision came not long after a meeting with Mr. Keyes and Mr. Walker of the Sturgeon Hospital Board, at which time three main problems with integrating the ambulance service with the hospital came to light. The problems were, (1) that a separate building would have to be constructed to house the ambulance

service beside the hospital, (2) that the need of adequate supervision of the ambulance employees would put an added onus on the already heavily worked hospital staff, and (3) that legal advice as to

the relations between municipal ambulance employees and the hospital staff in the case of liability would further delay council's desire to make an immediate decision on the matter.

Council felt that it would be more opportune and considerably less expensive to consider integration with the fire department as the only reasonable alternative.

Explaining how this integration would be carried out, City Manager Robert Byron said fire personnel would have to be trained to a high degree so as to offer support in either a fire or ambulance-required emergency. He added that fire and ambulance personnel would be required to work in a "team approach." The fire

## Town to borrow \$3.5 million

A bylaw authorizing council to issue debentures for the purpose of purchasing a quarter section of land in the Campbell Industrial Park was passed through its first and second reading with no discussion at council meeting Monday night.

The total cost of the land is \$3,550,000 which is to be borrowed and repaid over a 20 year period at an interest rate of 10.5 percent per annum. Council must receive authorization from the Local Authorities Board to borrow the money.

Commenting on the bylaw, Alderman Breadner congratulated Mayor Plain and City Manager Robert Byron for their work in preparing for the land purchase. "This bylaw will bring to fruition something this community has needed for a long time, an industrial base for taxation purposes," he said.

Mr. M. H. Rogers from BACM Developers met with council to discuss his corporation's intention to proceed with a request to the Local Authorities Board (LAB) for annexation of some

1905 acres in the Northwest sector. Rogers explained that his only intent in meeting with council was to impress upon it that "we have been extremely patient and haven't rushed into the annexation."

Saying that he did not wish to discuss the annexation proposal at the present time, Mayor Plain explained that it was now more important for council to get the City of St. Albert's general plan out to the people in the community and to receive public input from it. The city's own annexation proposal is to be heard by the LAB in April.

Alderman Breadner reminded Rogers of the public vote opposed to BACM's annexation, despite the relatively small turnout.

Acting on the recommendation of Alderman Fyfe, council passed a motion to request representation on the Edmonton and Area Auxiliary Hospital Board (District #24).

Alderman Fyfe advised council that because the Auxiliary Hospital District Please Turn to Page 2

## District 3 hears IMC report

At their regular meeting Monday night, trustees of School District #3 received their first report on Media Assessment from Mr. Hans Krantz.

Mr. Krantz's report recommended that when the objectives of the curriculum and instruction are planned, they should include the materials used to teach those courses. He also suggested a definition of the goals of the media centre itself. A policy dealing with the media services was suggested, which would pertain to staffing, selection of materials, and

their acquisition, inventory and circulation.

Mr. Krantz stressed that accurate records should be kept to ensure the proper cataloguing, circulation and booking of materials. He suggested that two clerks be hired over the summer to catalogue the centre's materials.

The report suggested that consideration be given to a joint use of resources between District 3 and District 6, and advised trustees that the materials budget could come closer to the provincial Please Turn to Page 2

ALDERMAN FYFE

## Thronsdon denies reconsideration of MTTA decision

Alderman Thronsdon requested by motion at a city council meeting Monday evening that council reconsider its decision not to pay membership dues to the Midnight Twilight Tourist Association (MTTA) at 10 cents per capita.

Thronsdon argued that because St. Albert is the largest municipality in its zone, and that consequently its membership with the MTTA is of great importance to the tourist association, council should take a second look at tourism as a growing source of assets for the community. He added that with the expansion of St. Albert in the near future and with the possible location of a tourist office in the city, the community will eventually see a greater amount of tourism.

"What we're being asked to pay is not a grand share," said Thronsdon, "nor is it the first time we've been faced with paying per capita dues."

He said that St. Albert's history has as much if not more to offer tourists as other towns in the zone.

In the past, council has approved MTTA membership fees in the amount of a \$500 base grant and match-

ing dollar for dollar the contributions of the local businessmen up to five cents per capita. At a council meeting March 7, council pointed out to an MTTA delegation that because the Please Turn to Page 2

## Rifle fire highly risky at pumping station

The RCMP reports that during the past several weeks a number of complaints of willful damage have been reported to the Sewage Pumping Station on Sturgeon Road. The damages are mainly caused by small calibre rifle fire, and the City Engineer has expressed concern that subsequently, these types of incidents may cause serious damage to instruments and controls within the Sewage Pumping Station.

Should one of the electrical components be damaged this could cause a malfunction which would create an overflow of sewage subsequently contaminating the Sturgeon River.

In addition, there is a high risk of an explosion within the station which could result in injuries to the persons

responsible, passing motorists, pedestrians or workmen.

The gas station armed robbery at the S & W Trail Service Station, 137 Avenue and St. Albert Trail on Sunday, March 20, was not an armed robbery as reported. Kenton Dean Landseidel, 16 years of 12937-132 Avenue, Edmonton, the service station attendant, has been charged with Public Mischief and Theft over \$200. Henry Lee Jernigan, 25 years and Henry Leroy Tippitt, 18 years, both of Little Rock, Arkansas, U.S.A., have been charged with theft over \$200 and conspiracy to possess a narcotic for the purpose of trafficking. Landseidel, Jernigan and Tippitt appear in court on March 23 in St. Albert, Alberta.

## Trophies awarded at Fish & Game banquet

Approximately 250 people attended the ninth annual Wildlife Buffet and Trophy Ball of the St. Albert and District Fish and Game Association, held last Saturday evening at the Community Hall.

Those who attended were provided with an extravagant meal of buffalo, assorted fish, wildfowl and wildmeats, most of which was donated by members of the association.

Trophies were presented

in the following categories: According to species of fish - pickerel (8 lbs. 9 ozs.) won by Ron Boychuck; perch (1 lb. 11 1/4 ozs.) won by Phil Sommers; northern pike (20 lbs. 2 ozs.) won by Carl Sommers; lake whitefish (6 lbs. 5 ozs.) won by Anton Tkaczuk; lake trout (9 lbs. 10 ozs.) won by Adrien Gamache; rainbow trout (5 lbs. 5 ozs.) won by Ray Bolduc; and goldeye (1 lb. 11 ozs.) won by Adrien Pelletier. ## opposed

Cont'd From Page 1

chief would have ultimate control over the ambulance director and employees to aid in a successful integration, said Byron.

Alderman Fyfe opposed the motion to integrate the services, stating that council's long term objective of integrating the ambulance service with the hospital may fail in that integration with the fire department would make it more difficult to separate the services later on. She argued that the ambulance service should be located in the fire hall, but separate from the fire personnel. By doing this, she stated, the ambulance staff would have more free time for hospital training.

Alderman Fyfe argued in favour of equipping the ambulance service with two vehicles, stating that because council did not intend to serve only the area within municipal boundaries, "all arguments go the way of two vehicles."

She also moved that the ambulance service provide a transfer service to carry patients to the hospital.

Alderman Breadner opposed the motion on the grounds that the number of calls requiring the transfer of persons would require more subsidization than council was prepared for at the present time, and that such a decision should be made at a later date.

Council agreed that the people of St. Albert want a basic service which would include a transfer service, and upheld the motion.

## borrows

Cont'd From Page 1

has owned property in St. Albert for a number of years, and because the Board makes recommendations to the Hospital Commission regarding priorities and locations of future developments (in particular, the site for a proposed auxiliary hospital at either St. Albert or the Mill Woods district of Edmonton), it was therefore important that the City of St. Albert have representation on the Board.

Fyfe stated that at the annual association meeting held March 15, Chairman of the Building Committee and Edmonton representative Terry Nugent advised the

membership that the St. Albert site was now a second priority behind the Mill Woods location, due to the latter's greater population. Fyfe argued that because the Mill Woods priority is slated to be constructed next to a nursing home which has not yet been built, and because the location of an auxiliary hospital based on population is not relevant considering patients go wherever a bed is available, the St. Albert site next to the Sturgeon Hospital "would be more suitable and would operate as part of a complex upon completion."

Council therefore passed a motion to prepare a brief on the advantages of the St. Albert site and to arouse support of the site from surrounding municipalities. Representatives from the MD of Sturgeon have already indicated their support of the St. Albert location.

Council passed a motion indicating its willingness or that of city officials to meet with Chamber of Commerce members to explain how the equalized assessment increases on commercial, industrial and vacant residential land came about and to indicate that the rate of increase is "not acceptable"

to council.

Those persons elected by council to the Community Services Advisory Board were Judy Cochrane, Charles Rodger, G. J. Jaycocks, Doreen Rowe and D. B. McFarlane.

Mayor Plain and Alderman Lukay will be attending the annual Federation of Canadian Municipalities (FCM) meeting in Toronto in early May.

## District 3

Cont'd From Page 1

average. School staffs were encouraged to meet at the Instructional Materials Centre to acquaint themselves with available materials.

Mr. Krantz was also concerned with the size of the IMC facilities. He recommended that the IMC occupy all of the basement of the school district office. This would necessitate moving the maintenance shop into a portable.

Following Mr. Krantz's report, Mr. Bob Chaput, head of the IMC, discussed the recommendations with trustees, and said he would

have a proposal for the board on implementation of some of the suggestions by April.

Mr. Art Perrott made a presentation to the board on behalf of Mr. Jack Patterson, who requested permission to conduct a survey in the district's schools. The survey will be a questionnaire designed to ascertain the difference in a principal's perception of his role and the teachers' perceptions of the principal's role. Mr. Patterson is working on his doctorate. Some discussion followed of methods to guarantee anonymity in the survey. Trustee Peter Freeman moved approval of the survey with the recommendation that teachers and principals participate. The motion carried.

## 1977-78 SCHOOL YEAR SET

Mrs. Smith gave a report on the Policy Committee and discussion of the School Year followed. Mr. Freeman commented that the district wishes to be consistent with other districts, and Mrs. Lockert remarked that parents with whom she had discussed the matter favoured a post-Labour Day start to the school year. It was then moved by Mr. Freeman that the following school year for 1977-78 be approved. The year will commence September 6, and break for Christmas holidays from December 23 to January 2. The spring break is to be from March 27 - April 2 and June 27 will be the last school day. There will be 187 instructional days and 195 operational days at the elementary and junior high level. At the high school level, there will be 195 operational days and 190 instructional days.

The board also received correspondence in regard to the Woodlands Development. Two school sites have been designated for the district in the area, but according to a letter from the city, the terms of the district's receipt of those site have not been resolved. The board, however, feels the terms were previously agreed upon, to the effect that the board will receive two free, serviced sites. Background informa-

tion on the matter was not circulated to the press.

Trustee Ernie Howrsh reported for the Finance Committee that they are still "anxiously awaiting" assessment information from the city, and are being held back in their work by the delay at City Hall.

The meeting adjourned and trustees went into committee of the whole to discuss staffing and housing.

## Thronndson

Cont'd From Page 1

business community of St. Albert does not give support to the MTTA to the same extent as other municipalities, council must respect the opinion of the local businessmen with regard to the service.

Alderman Smith stated that although she strongly supported tourism, the MTTA has not justified the 10 cents per capita membership fee in consideration of the benefits which the community will accrue with membership. She added that the community is already bearing 50 percent of the costs of maintaining historic sites in the city which she described as a "sizeable contribution."

Mayor Plain remarked that unless the tourist association is sold to the people of St. Albert, council should not offer to pay anymore than what it had paid in the past. He also stated that council is already paying approximately \$680 in annual fees to the Federation of Canadian Municipalities and approximately 6.5 cents per capita to the Alberta Urban Municipalities Association, memberships which have proved very worthwhile. He concluded that he could see no value in paying 10 cents per capita to the tourist association.

When brought to a vote, only Alderman Thronndson voted in favour of the motion to pay the 10 cents per capita membership fee.

## ERPC members discuss growth with council

Members of the Edmonton Regional Planning Commission (ERPC) met with city council Monday evening to discuss the four alternate strategies for growth management proposed in their growth studies report released last week. About an hour and a quarter was given over to these discussions.

The members described to council the problem the metro area faces in accommodating and employing another half million people expected to flow into the Edmonton region over the next 30 years. According to the ERPC's report, growth depends upon the availability of land and services in Edmonton and the surrounding municipalities, as well as the attitude of councils to the management of growth.

The ERPC has worked for the past three years on the report, examining four categories of community (small town, rural, urban, and urban residential) in its surveys. Each of the four strategies the report proposes have long reaching economic, environmental and social consequences and suggest alternate ways the

rate of population increase may be handled. The ERPC has considered 19 metro areas as growth centres.

The report attempts to deal with two basic questions regarding growth: (1) where is the growing population going to go, and (2) how are we going to manage it. Members meeting with council described the first question as an immediate concern.

"We now have the opportunity to direct future metropolitan growth," said one member, "an opportunity which we may never get again."

ERPC members impressed upon council the need for metro areas to work together in choosing one of the strategies "in the near future." They added that the strategies are flexible and readily updateable.

The ERPC will make the final decision on what strategy to recommend based on feedback from meetings with all metro municipal councils in the area and following seven public hearings. Its conclusion will then be presented to the provincial government.

Alderman Fyfe remarked that from what she had gathered from the report, the ERPC has given "a fair picture" in providing some discussion against unitary government.

Council's concern with the report centred on St. Albert's need of a balance between commercial, industrial and residential development, a concern which may not be provided for in the strategy selected. Council was also concerned that the city's general plan, to be submitted to the ERPC in April, may clash with the chosen strategy.

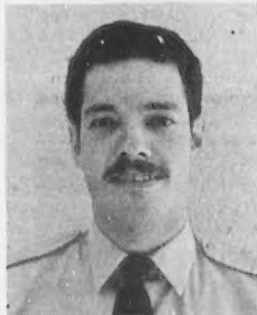

ERPC members replied that because St. Albert did not appear to favour either no growth or an excess of growth, those being the two possible extremes, one of the strategies could probably work along with the general plan. They added that St. Albert had little to worry about as it was a better location for growth than many of the other communities surrounding Edmonton.

Mayor Plain will chair a public meeting on the ERPC proposals on April 30 at 7:30 p.m. in Paul Kane School.

The St. Albert Junior Girls' Curling Club held a fun bonspiel and wind-up banquet on March 18. Prizes and trophies were presented to the winners of the league at that time. The first place winners were, from left to right: Karl-Anne Welsh, lead; Carolyn McCrum, second; Heather Fisher, third and Jackie Anderson, skip. Second prize was won by Grace Peterson, Sherry Norum, Shauna Hite and Kristi Heath. Third place went to Janet MacKenzie, Janet Larson, Frances Vettergreen and Kathy Martin. The girls were coached by Anita Hunter and all enjoyed a very successful season.

## St. Albert gets crime prevention officer

CONSTABLE  
JOHN MACDONALD

The St. Albert RCMP Detachment now has a Crime Prevention and Community Relations Officer, and Constable John MacDonald, who has been with the detachment since October, 1975, has been given the job.

Constable MacDonald has been with the force for nine and one-half years, four of them with Edmonton Headquarters, and postings have taken him all over the province.

His new job will see the constable working with schools, businessmen and others

in the community in an effort to stop crime before it gets started. He is presently organizing a course for bankers in St. Albert, to give instruction in what to do in a robbery, how to spot quick change artists and cheque forgers and related matters. The Royal Bank is expected to get going on this course in about two weeks.

There are four Crime Prevention and Community Relations officers in Edmonton, two or three in Sherwood Park, two in Calgary and one in the other Alberta cities.

## Paul Kane reunion planned

An enthusiastic group of Paul Kane grads are planning a reunion for years 1961 (the first year the PAUL KANE was opened) through 1971. One meeting has

already been held and another is scheduled for April 7th at 7:30 p.m. at Paul Kane. If enough interest is shown at that time, an organizational committee

will be formed to work on the project. The date for the reunion has been tentatively set for Thanksgiving weekend.

## Playground Society kick-off party great success

The Langley Park Creative Playground Society Kick-off party held March 11 was a smashing success. Two hundred and fifty people filled the St. Albert Community Hall for the Graffiti fun evening.

The featured events were a jive contest, best 1950's dressed male and female, spot dances, door prizes and a Kentucky Fried Chicken boxed dinner.

All the prizes were donated by local businesses and the Society extends its thanks to Grandin Bowling Lanes, Grandin Flowers, St. Albert Bakery, St. Albert Sportshop, Lacombe Park Pacific 66, the Red Rooster, Lacombe Park Dry Cleaners, The Natural Look Salon, Macleod's and Zellers at the Kingsway Mall.

The event earned the project approximately \$900. It was organized by the Social Committee, consisting of Lee and Linda MacDonald, Rick and Pat Black and Sue

Dixon. Assisting were Mr. and Mrs. Bill Johnson, Mrs. B. Jordan and Mrs. Desislle, and Grace Whitehouse. Tickets were printed free by Mr. Delisle.

## MOSQUITO CONTROL

The City of St. Albert wishes to make known its intention to undertake a Mosquito Abatement Program in 1977. Control procedures will begin in the second week of April and continue, as conditions dictate, until September.

Bodies of water containing mosquito larvae will be treated. Chemicals used for abatement procedures are only those recommended and approved by Alberta Environment. Application of chemicals will be carried out by helicopter and ground crews within the boundaries shown.

Inquiries regarding the program should be directed in writing to the City Engineer.

## Youville residents stage their own big hit

Twenty performers played to an audience of 78 residents at the annual amateur show held Monday at the Youville Home, under the direction of Sister Blandine Roussel-gale. This tremendous involvement of 98 residents is probably the biggest turnout for any event in the home each year, indicating the kind of performers available among the residents.

Two skits were probably the highlight of the well-balanced show and here is evidence of the talents of Sister Blandine, who comes up with the ideas and goes around the home finding the people who can act them out. The performers are responsible for their own costumes.

The story of a Piece of Gum caused much hilarity, beginning with the appearance of Mrs. Faucher as a teen-ager working on a good size wad, which she leaves stuck on the back of a bench. Enter Mr. Edmond Ricard, displaying his acting talent in the role of a drunken old man. He has a chew on the gum and leaves it parked on the bench, just before the entrance of a fine lady in the person of Mrs. Gagnon. She got stuck on the gum, but finally gets free of the wad and leaves it on the bench. Then it is the dog's turn, admirably played by an employee. He does his thing to the gum and turns off relieved before the teen-ager re-appears, takes the gum and goes off chewing, amid enthusiastic applause from a delighted audience.

A fortune teller skit starring Mrs. Lamb as the gypsy reading cards to Mrs. Mailhot, was also very well done, with spooky stage lighting and costumes adding to the effect.

Music and stories rounded out the hour and a half show.

Youville can be proud of its singers and on the program were Mrs. Kirouac, Mr. Sauve, Mrs. Labbe, Mr. Blackburn and Mr. Bedard.

along with Mr. Therrien who had the audience sing along as well, and Mrs. Riopel, whose song was accompanied by four little girls as dancing butterflies. The versatile Mr. Sauve returned to perform on his mouth organ.

Mr. Collins told a story and Mrs. Sevigny presented a poem. Both Mrs. Godbout and Mrs. Dolhagaray performed on the piano and Mr.

Pelletier did a violin solo. Another story teller, Mr. Sevigny kept the show going by filling in during any breaks.

The services of Sister Germaine Cote of the Grey Nuns, who was the fine accompanist contributed greatly to this highly successful show which gave so many people at Youville a great afternoon.

## J. Savoie celebrates 85th birthday

Joseph Savoie, a former resident and pioneer of the Villeneuve district recently enjoyed a large gathering of family members, on the occasion of his 85th birthday.

In addition to his children, grandchildren and great grandchildren residing in the Edmonton area, he especially welcomed the attendance of a brother and sister, Emile of Legal and Elise of Edmonton, his two daughters, Jeanne Haugh and Alice Howe who flew in from California, Edith Charuk from Fort Saskatchewan and Jean Boer from Devon. Pauline Comeau was absent as she was holidaying in South America at the time. His three sons, Ed and Armand of St. Albert and Marcel from Calgary were also in attendance.

Mr. Savoie is well known in the Villeneuve, St. Albert, Riviere Qui Barre and Morinville area having lived and farmed in this area from 1894 to 1945. Joe and Clarinda operated a grocery store when they moved into

JOSEPH SAVOIE

the city until he retired in 1956 taking up residence in the Woodcroft area where they still reside today.

Family gatherings, singing and card playing are activities which he thoroughly enjoys, next to the pride of witnessing the growth and maturing of his many descendants. Their enthusiasm and respect for his love and wisdom were quite evident at this happy celebration.

His two daughters remained with him for a couple of weeks, visiting many other friends and relations.

## Junior bird house competition

The St. Albert Fish and Game Association will be sponsoring a Junior Bird House Building competition. Eligible to enter will be people from 8 - 16 years of age who build a bird house unaided. Judging will take place on April 12 at the

Community Hall. Entries can be turned in to Bill Lewis at 8 Mural Crescent, St. Albert, phone 459-5967, or to judges at the Community Hall between 7 and 8 p.m. on April 12. Decision of the judges is final.

## School District No. 3 Briefs

At their regular meeting Monday night at 7:30 at the District office at 6 St. Vital Avenue, trustees of School District 3 attended to the following items of business.

Trustee Peter Freeman informed the board that the agreement with the Alberta Teachers Association has been signed. No further details were given.

Trustee Elsie Lockert moved that the resignation of Sister Laforce be accepted, effective April 16. Sister Laforce has offered her services on a part-time basis for the rest of the year. The motion carried, with Trustee Ernie Howrsh recommending that a letter of thanks be sent.

Mr. Howrsh moved approval of leave with pay for Ann Shoplin and Wendy Sereda from June 17-29. They will be pursuing studies in Oregon and leave was granted on condition that they provide a substitute

during their absence.

Mrs. Lockert moved approval of a request that teacher aides from the Grant MacEwan course be placed in the district 3 system for a practice period. The motion carried.

Trustee Ann Smith moved that a \$50 honorarium be paid to Father Glendinning for the Twilight Retreat. The motion carried.

Mrs. Lockert made a report from the Administration Council and reported that the Promotion Policy Committee would have recommendations at the next meeting.

Mrs. Smith reported on the Parent Advisory Committee's Community School Education Workshop which was held at Bertha Kennedy Community School. The workshop's speakers were very interesting, she said.

Mrs. Lockert moved that

the board support the girls basketball team with \$500 to send them to the High School Provincial tournament. The motion carried.

## trophies

Cont'd From Page 1

According to kind of big game - moose (190) won by Jack Callbeck; elk (335) won by David Sawich; pronghorn antelope (80) won by Marcel Houle; white tail deer (153) won by Bob Brintnell; mule deer (131) won by Earl Chimko; mountain goat (40) won by Bill Borosuk; and black bear (18) won by Lorne Ertman.

According to species of upland game bird - mallard duck (3 lbs. 15 ozs.) won by Bill Lewis; ruffed grouse (1 lb. 13 1/4 ozs.) won by Bruce Paterson; pheasant (3 lbs. 2 ozs.) won by Douglas Eljoke and Canada goose (10 lbs.) won by Randy Rosenke.

Junior trophies - northern pike (16 lbs.) won by Ronnie Houle; rainbow trout (4 lbs. 1 oz.) won by Mike Bolduc and

perch (1 lb.) won by Bradley Goeson.

The trophy for the best wildlife snapshot was awarded to Barry White, and Art Christman won the trophy for selling the most memberships.

## REFLECTS BELIEFS

The Gazette

### A LARGE PURCHASE IS THE TIMING RIGHT?

The timing of city council's move to borrow \$3.5 million to purchase 160 acres of land in the Campbell Crossing area for development of light industry could well be a cause of some serious concern to many residents of St. Albert.

That's a lot of money and at 10.5% interest, it will cost \$367,500 every year to service the debt.

The quarter section is located directly east of the Akinsdale and Forest Lawn subdivisions at 142 Street, linked by Hebert Road, west of the N.A.R. tracks.

The unserved area will have to compete with a number of fully serviced industrial parks in Edmonton now seeking clients.

And in our own backyard, servicing work is already underway on what is claimed to be Western Canada's largest industrial park in M.D. Sturgeon (see report in this issue). That development - of four sections - will at least in the initial stage offer the lowest cost to industry in the Edmonton Metropolitan area. Interest has already been expressed by several clients in going into this park, located just north of Fort Saskatchewan in a proven industrial location. It will provide areas for light, medium and heavy industry.

Since it appears unlikely that servicing costs will not go up, St. Albert may well face stiff competition in its plans for getting Campbell Park developed.

The city, in justifying this heavy borrowing, can rightly point out that the residents endorsed the policy of annexing land for industrial use in a plebiscite taken in January 1976. The voters were given to understand that this industrial park would give St. Albert a needed industrial tax base, and thereby reduce their taxes.

But now we must look at two things. First, the cost of \$3.5 million to acquire the property will have to be repaid from tax benefits as they accrue, and second - can this area compete with existing serviced industrial parks in the area in attracting hard-nosed developers.

Neither has city council created a business climate conducive to attracting commerce and industry to St. Albert. Quite the reverse. Their "make the developer pay to the hilt" policies work against new development. And now they have stated that taxes on businesses are going to be severely increased. Even BEFORE this latest move on taxes the firm of Highfield Developments went on record that they are no longer interested in further development here and have sold their land holdings, because of St. Albert's unfavorable business climate.

The site has no access roads and St. Albert had to guarantee the Edmonton Regional Planning Commission in order to get the industrial zoning that the heavy traffic, and truck traffic would be routed through St. Albert. This will cause some serious dislocation in the Forest Lawn, Akinsdale subdivisions.

It will be a long time before any upgrading will be done on 142nd Street, as this comes out at 137th Avenue, where there is no way to disperse traffic. This problem presents Edmonton with a huge cost, and one which they may not be prepared to undertake for a long time.

An opportunity was lost in 1974 when the Reeve of MD Sturgeon proposed to St. Albert that the municipalities share future tax revenues from industrial development, thus enabling planning to put industry in areas not conflicting with residential areas.

The former council was not interested and this council has not pursued the proposal. In addition the present council has antagonized the MD by not recognizing the former council's agreement on St. Albert's sewer line, and again by trying to get jurisdiction over five miles along the line from St. Albert to Morinville. However the door may still be open to a shared industrial tax agreement given a change in St. Albert's attitude to its sewer line. Heavy industry is where the big money is, and there could be clear advantages to both municipalities.

A final concern on the timing of this purchase is the general state of the economy. There is concern about what drought conditions may do to the economy. And some businessmen and noted economists on this continent are expressing their fear of a serious recession - or depression which they predict will come anytime over the next three years. Stock markets are reflecting this nervousness.

We repeat: Is this really a good time for St. Albert to borrow this large sum for purchasing industrial land, when its purchase for development cannot be assured in the near future?

### ESTABLISHMENT

I am getting very tired of people like James Cameron (February 20) who use the word Establishment with cynical contempt, a usage conceived in an era when the youth of England chose to forget about the grim toil and sacrifice of those who bore the burden of the war days.

But if the Establishment of yesterday is worthy of the lofty scorn which it seems to evoke in so many people, what are we to think of the present state of affairs? The Welfare State has sapped the will to work; the export trade is crippled by strikes; the erstwhile power and prestige of elected members of parliament have been eroded by power-hungry union leaders who are unrepresentative of the majority of the people; morals have gone by the board, and England is being propped up by foreign powers.

I am an Englishman and personally I am proud of the Establishment. It is the only thing left in England that I feel I can respect.

W. E. Rashleigh.

Lakefield, Ontario.

### CANDLE POWER

I'm not certain what might be the specific occasion on which one could use floating candles in the bath (January 16) but feel sure it would be something wicked.

D. M. Kent

it's helped us. For us, for the Americans, the only thing that can work is work.

### 'Letters to the editor or,'

## Manchester Guardian Weekly

### INFLATION IS NO MYSTERY

There's no great mystery about inflation. Nations bring it upon themselves by increasing their money supply at a faster clip than their production. By this means, and by large-scale borrowing, they can for a while live beyond their means, consuming more than they actually produce. This is what we've been doing in Canada, and the day of reckoning will be a painful one; the more so as the Bank of Canada tries to delay it by slowing down, rather than halting, the presses.

Our basic error, I think, is that we tried to get high and rising prosperity through high and rising consumption, when both of these can come only through high and rising production. We thought all of our problems (including ones purely social and moral) could be resolved by confiscating money, by printing money, by borrowing money, then giving it to people more likely to spend it than save it. President Jimmy Carter's playing this game right now with his \$50 tax rebates and \$60-billion budget deficit; it won't help him anymore than

### ALBERTA MOST PRODUCTIVE

This brings me around to Alberta, the energy province. It has energy in the form of oil and natural gas (both due to run out in a few years), coal (lots and lots of that), and the everlasting energy of water flowing down from the Rockies. More important, it has human energy - gung-ho. Like the Germans and Japanese, the Albertans are devoted to enterprise, effort, production, competition - things that Eastern Canada has been taught to sneer at (with highly satisfactory results for Japanese and German manufacturers exporting to Eastern and Western Canada alike.)

It's largely because of

Alberta that the West has become, in dollar terms, the most productive part of Canada. The value of Alberta's production has gone up 90 percent (almost double) in the last three years. For Saskatchewan, the figure is 80 percent. For Manitoba and British Columbia, the increase was the national average, 60 percent. For Ontario (blubbing about its "right" to buy Western oil on the cheap) the increase was only 50 percent. In annual production per capita, the figure comes out at \$8,500 for the West, \$7,800 for Ontario, \$6,250 for Quebec, \$4,900 for the Atlantic region.

Productive as the West may be, essential as its basic exports (coal, gas, wheat, forest products) may be to finance Eastern Canada's massive imports of foreign manufactures, it still counts for little in Ottawa. Our national capital, so-called, is mainly concerned with Quebec and Ontario: that's where the votes are, that's where the Commons seats are.

## OTTAWA and Small Business

## The knowledge factories

by JIM SMITH

Charles Wilson never had the slightest doubt. "What's good for General Motors is good for the U.S.A.," he announced, unequivocally. Yes, Charles Wilson was certain. But, then again, Charles Wilson was also running General Motors.

Not everyone agrees with Wilson that G.N.P. is all that matters. Urban decay, resource depletion, adequate housing, and strong communities - none of which have the slightest bearing on the welfare of G.M. - have every bit as much importance as does G.N.P. And, since G.N.P. simply reflects total productivity, it is possible for G.N.P. to increase at the same time as Atlantic Canada is going down the drain.

Today, our elected political representatives don't really govern. Instead, the true power lies with influential groups which shape government policies. Groups like the Economic Council of Canada, the C.D. Howe Research Institute and various professional associations - which are best described as "knowledge factories" - are the real economic power brokers by virtue of their domination of economic knowledge.

Those knowledge factories are dominated by institutions which have considerable sympathy for the Charles Wilson approach. The mem-

bership of the Canadian Economic Policy Committee of the C.D. Howe Research Institute, for instance, is liberally sprinkled with executives from such outfits as Alcan, Stelco, Union Carbide, and the Canadian Labour Congress; there's a marked absence of representation from corner grocers, appliance repairmen, or independent insurance salesmen, let alone family farmers or consumers. The other knowledge factories are structured in a similar manner.

Because these power brokers determine, through their reports, how GNP will be increased, their value systems take over society. Bigger cities, centralized production, export of resources, welfare, and similar social ailments all become part of the accepted social model. All because of the powerful knowledge factories.

The Canadian Federation of Independent Business, the Consumers' Association of Canada, and several vibrant environmentalist organizations are designed to bring government back into the hands of the elected representatives by providing research which can counter the biases of the knowledge factories. And it might not be long before Charles Wilson is forgotten and everyone believes: "What's good for the family farm and the family business is good for the nation, too."

## St. Albert Billboard

WEDNESDAY, MARCH 23 - Sturgeon Toastmistress Club will meet at Paul Kane High School at 8 p.m. For further information call 459-5359 or 459-7026

THURSDAY, MARCH 24 - Final registration date for Hercules Sports Association Soccer and Fastball programs for boys and girls. Grandin Clubhouse 6:30 - 9 p.m.

OPEN: MONDAY TO FRIDAY - 8 A.M. TO 6 P.M.  
SATURDAY UNTIL NOON

## Mayor's Column

### Development of a balanced economic base in St. Albert

The St. Albert Council has formulated the policies and initiated the action required to provide our community with a more diversified and balanced economic base.

The first step in our economic development strategy is to expand our commercial base and provide the range of goods and services, employment and tax revenue needed to meet the general needs of the community. The commencement of the development of approximately 150,000 sq. ft. of commercial facilities in the downtown area in 1977 will provide a clear indication of the council's commitment to rectify the present imbalance in this sector of the city's economy.

The second step in our economic development strategy is centered around the development of our light industrial base. Long time residents of the community will have noted that little light industrial development has occurred in St. Albert despite the fact that a substantial block of land has been zoned for that purpose for the last 16 years. A number of reasons account for the lack of industrial

development: (1) lack of proper planning; (2) lack of adequate services to accommodate development; (3) speculative holding of industrial parcels; and (4) lack of civic commitment to operationalize the industrial development process.

The council examined the industrial market in the Edmonton metropolitan area and determined that an excellent demand existed for certain of the industrial properties located in St. Albert. The owners of the viable industrial parcels were approached in an attempt to elicit their co-operation in undertaking the development of their properties. In almost all cases it was discovered that these individuals were simply holding the properties or were only half-heartedly or faintly interested in developing an industrial park. Given this state of affairs, the City approached certain of the owners and initiated the steps and carried out the work needed to complete the planning and prepare the properties for development. After undertaking these steps it became evident that if the land was to be developed

that St. Albert would have to follow the lead of the cities of Lethbridge, Calgary, Red Deer, etc. and acquire these properties and place them on the market.

On March 21, the council gave first reading to a borrowing bylaw which will allow us to purchase 1/4 section of industrial land that is subdivided and ready for development. We are confident that we will be able to complete the development of the lands - named Campbell Industrial Park - within a six year framework. Indeed, as matters presently stand, we have received offers to purchase parcels at prices which would allow us to recover any original investment along with a substantial return over and above other related costs. It is felt that the hundreds of new jobs and the millions of dollars worth of assessment created by the development of this park will yield substantial benefits to the community without affecting the high quality of residential life-styles that we enjoy in St. Albert.

In conclusion, certain of the plans and strategies that have been formulated over the past two years are about to bear fruit. The council feels that the commercial and industrial proposals and developments will provide St. Albert with a new direction and a sense of confidence that the community can be developed in a well-planned and sensible way that maintains our strengths and eliminates certain of the present weaknesses.

Richard H. M. Plain,  
Mayor.

### Around Town

The team representing Alberta in the fifth annual RCMP hockey tournament placed second this year, behind the host team, Saskatchewan. Cst. John Linklater of the St. Albert detachment was the only local player on the Alberta team, although S/Sgt. Lyle Lambert, and constables

Gerry Gehlen, Dennis Colburn and Max Baier had been selected to the team. They were unable to go because of duties. The western Canada tournament was held March 17 to 20 at Regina, with teams entered from B.C., Saskatchewan, the N.W. Territories, Alberta and the training depot. Started in 1973 the event has been held every year since.

Relatives of Tom O'Flaherty gave him an unexpected surprise on the occa-

sion of the 17th of Ireland last week. They decorated Tom's home on Laurier Crescent with shamrocks and placed some signs in strategic places leading to it. The signs advised all passers-by that Irish coffee was being served at the O'Flaherty's, but the relatives didn't remember to tell Tom. Mr. O'Flaherty may have blamed the "little people" - or he may be planning his revenge for the next St. Patrick's Day.

### Safety Council discusses ambulance service

The March 10 meeting of the St. Albert Safety Council was attended by seven members with Chairman Len Hobson presiding.

The Safety Council has received numerous inquiries from concerned citizens on the progress of the implementation of ambulance service in St. Albert. In reply to these inquiries we would like to say that several Safety Council members attended the March 7 meeting held by the City Council to receive recommendations for the implementation of this service. The Safety Council recommended that a basic ambulance service be set up with St. John's Ambulance trained personnel, to be upgraded as needed.

At this meeting a letter was presented from Mr. Erich Rast, director of Ambulance Services for the Grande Prairie General Hospital. In his letter Mr. Rast says that service employs three full-time emergency paramedics, one full-time emergency medical technician and 12 part-time emergency medical technicians. He also says that while they

have had some administrative and financial problems, they feel that they have proven themselves.

Their philosophy is that an ambulance service should be able to supply basic life support and emergency medical services and that as part of the entire health care system a hospital is the logical base for an ambulance service. Also, a hospital can take advantage of tax exemptions on capital equipment and supplies and that on duty ambulance staff are available as auxiliary staff in the emergency department of the hospital.

#### TO PROMOTE DEFENSIVE DRIVING

The Defensive Driving courses are to be held despite the small registration and every effort is to be made to promote these courses. The Safety Council hopes to have a booth in the Grandin Shoppers Mall in the near future to help the people of St. Albert discover exactly what these courses offer and to register for them if they so desire.

#### HELP NEEDED FOR PEDAL PUSHER PROGRAM

It is again time to start organizing the Pedal Pusher program. This year we hope to do the course in four nights instead of five and to start it on May 16. We wish to remind the parents of children who will be in the program that their full participation is needed for the program to be a success.

It was with regret that the Safety Council accepted the resignation of its secretary

Mrs. Lynette Baisch. Mrs. Baisch and her family are moving to Vancouver and we hope her every happiness and thank her for all the work she has done for the Safety Council. Mrs. Jackie Keith will be acting secretary for the remainder of this year.

The next Safety Council meeting will be held on March 24, at 20 Muir Drive, 8 p.m. Anyone wishing to attend will be very welcome. To contact the Safety Council call Len Hobson 459-5829 or Marcella Talbot 459-4238.

### Driving course change

The St. Albert Safety Council advises two changes from the advertisement run in last week's Gazette, in the dates and the place.

The Defensive Driving Course under instructor Sylvia Peterson will begin on

Monday, April 4 and continue each Monday evening in April, the 11th, 18th and 25th, and will be held at Paul Kane High School.

They hope undue inconvenience has not resulted for residents.

# Family day care homes proposed to meet growing need

By Joan Johnson,  
Day Care Board

"Can we afford to build another centre like the St. Albert Day Care Centre to meet the needs for day care in St. Albert?" This was the question asked by Charles Sale, director of Community Services, speaking at the monthly meeting of the Board of Directors of the St. Albert Day Care Society.

With the present government fiscal constraints, it is apparent that the building of another centre is questionable and thus alternatives for meeting an ever-growing need must be considered. The problem appears to be two-fold - the need to find

facilities to care for children of working parents, while maintaining a standard of child care.

Right now the St. Albert Day Care Centre is meeting the day care needs of 60 youngsters, a full house, with a waiting list. It is operated by a volunteer board of directors which is responsible to the Community Services Board, and in turn to the City of St. Albert. The centre has an annual operating budget of \$187,000.

At the meeting, Mr. Gale said "If we don't look at the need, we leave ourselves open to speculators, with minimum qualifications wh-

ose main objective is financial gains."

According to the study of "Day Care Services For Children" carried out by the Canadian Council on Social Development, in 1975, "the vast majority of care is, by sheer necessity, privately arranged and unsupervised."

According to Mr. Gale "an alternative to a Day Care Centre is supervised family day homes." A person could obtain a license to care for five or six children including their own, in their own home. This would necessitate meeting the proposed standards set down by the Department of Social Services and Com-

munity Health, which include specific health and fire regulations.

Mr. Gale suggested that these family day homes could then be supervised by the Board of the St. Albert Day Care Society. He sees this board "as a useful vehicle in insuring that there is quality day care in St. Albert and proposed that in the next year it would look into the establishing of several of these family day homes in our community."

On Wednesday, April 6 at 8 p.m., the Day Care Society will be holding its annual general meeting at the Day Care Centre. "Family Day Care Homes" will be dis-

cussed by a panel of persons presently involved with this in the Edmonton area. Also at this meeting, new board

members will be elected. Anyone interested in day care in our community is most welcome to attend.

## What Caught Our Eye

From the Associated Press

FBI director Clarence Kelley and New York Police Commissioner Michael Codd have proposed to a congressional committee that at least some 14 and 15 year old lawbreakers should be treated as adult criminals.

The committee also heard from a mugging victim, who urged that the parents of young criminals be sent to jail along with their children - at least for a day.

By Robert Mullen - Special to The Christian Science Monitor

MIAMI - In the wake of an especially disturbing series of recent crimes, Dade County's Director of Public Safety, E. Wilson Purdy, has begun a re-evaluation of how to cope with the rising tide of national crime.

Like many other police officials, he believes that the problem is in large measure one of juveniles. He bluntly says what some may not want to hear: the answer is not to be found among those under 18, but among their parents.

"In the United States today, and I believe in much of the world, we are experiencing a 'spiritual depression' with consequences far more serious than came from the economic depression of the 1930s. One crucial aspect is the effect on children, developing from simple misbehaviour to successive stages of very serious crime."

He believes there is only one answer. It is to turn off the television set and take up the job, which Director Purdy insists is one of true love, of instilling in children from earliest possible age an appreciation of the basic virtues of our civilization. "In other words," he says, "a prayerful concept of what God tells man is right and good."

"That is the way to break out of this 'spiritual depression' and as a happy incident make our homes and streets safe again."

### HACKETT'S LAW

I believe that I have discovered an as yet unpublished law of (human) nature. Immodestly named "Hackett's Law," it is specified as follows: "Whenever there appear in the same issue of any newspaper two articles of such quality and interest as to be worth cutting out and putting on file for future reference, they are always printed on opposite sides of the same sheet."

The Rev. Thomas P. Hackett,  
Athens, N.Y.

## WEBER'S THE ACTION TEAM

459-6686

24 HOUR SERVICE

459-6686

### BRAESIDE

Ravine townhouse, price reduced. 4 br., exposed basement. Super Shape.

## THE CITY OF St. Albert ENGINEERING & PUBLIC WORKS DEPARTMENT RECAPPING OF PAVEMENTS NOTICE TO BIDDERS

Sealed Tenders, clearly marked as to content, will be received by the Municipal Engineer, City of St. Albert, City Hall, Sir Winston Churchill Avenue and Grandin Road, St. Albert, Alberta, up to 3 p.m. Daylight Saving Time on Friday, March 25, 1977, for the recapping of pavements in the City of St. Albert, including the following:

36,615 square yards of asphalt tack coat.  
2,125 tons asphaltic concrete wearing surface.

Specifications and Form of Tender may be obtained from the Municipal Engineer's Office, City Hall, St. Albert.

A bid bond or certified cheque for the amount of 10 percent (10%) of the tender is to accompany each bid.

The City reserves the right to reject any or all tenders, and to waive formalities as the interests of the City may require.

D. CORRIGAN, P. Eng.  
Director of Engineering & Public Works.

# EDUCATION COMMENT

## Connaught is 'problem' school no longer

When it was discovered four years ago that the norms in reading the math at the Connaught Elementary School in Calgary were one-half to one year below the city equivalent, the staff decided that something had to be done. Their solution was to design recreational, academic and general interest programs for the students and their parents. The staff was aided in their program by input from City of Calgary Parks and Recreation, the Connaught Community Services, and the Calgary Board of Education Extension Department.

Why was the Connaught school in this situation? It is an inner city school with 230 students and 13 staff. Seventy percent of the students came from single parent families and many had a low development in reading, language and mathematics. Many were culturally, socially and recreationally deprived and thus lacked a broad base of knowledge and experience. When compared with other Calgary students, they had a low level of social maturity and motivation.

The staff felt the students needed stimulation and a challenge to explore and learn. Most of the students had a negative self-image and lacked confidence and skills to solve problems. They were dogged by fear of failure and apathy, peer group pressure and criticism. Eighteen percent of the students were new Canadians. The transient rate was a staggering 70 percent each year.

To reverse the situation at the school, the staff has changed the approach to Math instruction from a homogeneous grouping to flexible ability grouping. Instruction is given on an individual, small or a large group basis. A list of student skills has been developed, backed up with criterion referenced tests. Groups consist of all ages, and learning centres are used. The administration has acquainted teachers with new materials, and set up resource centres and record keeping systems. Teaching methods have remained the same in language arts, but more emphasis has been placed on students with academic and social difficulties. This is done through individual and group ability testing. Students who don't need remediation benefit through the development of leadership skills gained by helping other students.

Language arts and math games have been invented by adapting commercial games such as Snakes and Ladders, Monopoly, hockey and baseball.

### OUTDOOR PROGRAM EXPANDED

The school's outdoor edu-

cation program has been expanded right down to grade one. Students from grades 1-6 are taken on an overnight camping trip with high school students acting as counsellors, and cooks. The City Police Crime Prevention Officer, staff and parents plan the program and supervise the students. By starting the program in

grade one, the students have an continuous enriching experience to look forward to every year.

As the program progressed, the staff invited parents to participate. As a result, parents became more understanding of teachers. Sometimes, the students are taken out just to provide a new experience. Some have never

been to a major shopping centre.

A program of options was instituted at the school and there are now 27 options for grade 1-6. The presence of volunteers made this possible, as did the availability of equipment, increased parental interest and increased staff training. Mobile-mak-

ing, burlap embroidery, card games, ceramics, collage, photography, model building, knitting, crafts, cooking, copper tooling, hiking and movie making are all options.

As a result of the program, language and math ability at the school is measurably higher. The school's former high incidence of students

with behaviour problems getting in trouble in school and in the community has dropped to the point where serious misdemeanors are very rare. Vandalism in the school has become nearly non-existent. Both staff and students have a positive attitude toward the school and the program.

## High school history teachers meet April 2

High school history teachers have an opportunity to find out about recent developments in their field at the "History and You" conference, being hosted by the University of Calgary department of history, Saturday, April 2.

Dr. Donovan Williams, head of the history department, expects the conference to be a two-way exchange. "History teachers will have a chance to learn from U of C academics the latest advances in historical knowledge, while faculty will be able to learn more about the subject as taught at the high schools and thus become more sensitive to freshman needs."

The conference will be opened by President W. A. Cochrane who will stress the importance of encouraging dialogue between teachers in the schools and university faculty.

Throughout the day, seminars will be held on Canadian, European and Third World history. The chairman of each seminar will give an introductory historiographical survey of the area, after

which there will be open discussion with experts in a number of fields contributing.

Seminar participants will consider new theories and approaches to writing history, the relevance of history to the contemporary scene,

and the problems of development in their historical setting. The joint seminar at the conclusion of the conference will permit exchanges of ideas between teachers and faculty on the topics covered throughout the day.

Dr. Williams expects the conference to be especially valuable for teachers in remote areas who feel most acutely the separation from the university.

"Ultimately, we hope that this conference will help to cultivate a closer relationship

between high school teachers throughout the province and university faculty," he adds.

History and You is being sponsored by the U of C faculty of social sciences. For registration details, contact the department of history, phone 284-6420.

## Evening course in computers held

Persons intent on a career in data processing will be interested to know that a course has been designed by the University of Alberta to aid them in achieving their goal. The Computer Programming Program has been arranged by the Faculty of Extension in cooperation with the Office of Administrative Data Processing and Computing Science.

The first course in the program is Computer Fundamentals, which is a prerequisite for all other courses in this program. The fundamentals course is a basic introduction to the concept of computers and the comput-

ing industry. Students will be given some preliminary experience with applications of computers, stored programmes, computer, components, telecommunicating devices, data transmission and problem solving with computers. A short introduction to the scientific language stream (FORTRAN) is included. The course is 26

hours in duration, and costs \$110 inclusive of all textbooks and materials. Later in the program, students may concentrate on either FORTRAN or the business (COBOL) language stream.

The fee per subject varies with the type of computer used and the number of class sessions. Fee payment must accompany each application.

The faculty will invoice employers when requested to do so.

Registration must be completed by filing an application with the Faculty of Extension by April 15.

Classes will be held every Tuesday evening from 7 - 9:30 for 10 weeks beginning April 26.

## School of the environment located at Banff Centre

"A better understanding of our environment and man's place in it" is the aim of a new addition to the Banff Centre. The School of the Environment was initiated in July 1976 with the aid of a \$250,000 grant from the Devonian Group of Charitable Foundations of Calgary. The school hopes to bring together a broad cross-section of individuals and groups on common ground to study man and his environment.

Five years of development work went into the new school, which was initiated in 1972, when it was decided that the Banff Centre provided an ideal setting for a comprehensive environmental education. Since then much work has been done to determine the areas of focus for the Centre's entry into the environmental field. From its inception, it has been deemed necessary that a broad cross-section of environmentally concerned people be involved in the project. Any unnecessary duplication of programs already in operation at other

institutions is being avoided.

As a result of this careful spadework, the proposed program has been endorsed by many agencies of higher education, government and industry throughout the country. In particular, Parks Canada has lent strong support and the Alberta Department of Advanced Education has given its approval.

With the addition of the new school, there are now four major components of the Banff Centre. Founded in 1933 as a summer school of the arts related to the theatre, the Centre has since become a diversified, year-round non-degree institution offering residential continuing education programs in the fine arts, management studies and language studies. The centre's Conference Division plays host to thousands of people annually.

Situated on a 41-acre campus covering a bench of land on the side of Tunnel Mountain, the centre overlooks the Town of Banff and the Bow Valley. It is the only post-secondary educational

institution located in a national park in the country. Representing one of the finest teaching and conference centres anywhere, it consists of nine major buildings, including residence and dining facilities for 600, two theatres, offices, classrooms, seminar rooms, studios and laboratories.

The Banff Centre has been under the direction of Dr. David S. R. Leighton since 1970. He has extensive business and academic experience and is currently on the executive of various business and professional associations.

The School of the Environment will be the responsibility of Ted Mills, an associate director of the Centre who is also responsible for management and language programs. He is a former businessman with extensive experience in the Alberta public service. He is a past vice-president of the Alpine Club of Canada and holds an M.B.A. from the University of Western Ontario.

## Provincial Gov't gives \$45,000 for school books on games

In recognition of Commonwealth Day, Alberta Education Minister Julian Kozak recently presented a cheque for \$45,000 for the printing and distribution of elementary curriculum materials on the XIth Commonwealth Games to Audrey Ackroyd, education committee chairman of the Commonwealth Games Foundation.

The materials were developed in the summer of 1975 by committee and elementary sub-committee chairman Nestor Chomick. The teacher's manual and student workbook were piloted in both Edmonton Public and Separate Systems in 1975-76, and rewritten in the summer of 1976. Both publications will be available for distribution through Alberta Education's School Book Branch in late April of this year.

"The resources can be used for years after the

Games, in '78," says Mrs. Ackroyd, "and it can be supplemented by poster kits and slide/script sets which we're now producing. We're very glad that the government is providing support to allow us to share some really excellent materials."

Edmonton Public School Board assisted the project from its inception, providing free graphic art for the cover, charts and maps, and easing Nestor Chomick's work schedule to allow his contribution to the production.

The education committee has also produced physical education and fine arts resource books and social studies units for grades 7 to 12, related to the Games, to be available by September, 1977.

"We welcome this opportunity to include the Commonwealth Games in the school program in Alberta," Mr. Kozak said.

## Teacher revives French in U.S.A.

By Bruno Frappat  
in The Manchester Guardian  
A teacher of a living language can only note with

regret that the subject he is teaching is increasingly regarded as a dead language by his pupils. That has been

the experience of Mme Monique Bras, a French woman who has been teaching French for 16 years to American students in Duke University, Durham, North Carolina.

"To their minds," she says, "French is the Latin of today. It recalls Versailles, Louis XIV and Victor Hugo. But the reality of contemporary French life is completely ignored. Statistics testify to the collapse of French language studies in the United States."

A lively, dedicated woman, Mme Bras isn't taking this lying down and has begun to counterattack vigorously. Hang traditional teaching attitudes; the situation called for action to drive home the fact that French is widely spoken and useful. French had to be "marketed" in the American style.

This realistic attitude was translated into the form of a study program. Mme Bras introduced into Duke an audiovisual course - in English - designed to show young Americans that people do speak French in many parts of the world, that French complements English and is useful for international contacts, including trade. The course was made up of audiovisual sessions with free discussions. After 14

weeks of this, during which not a word of French was spoken, students who were interested could sign up for French in business, French in medicine, or French in journalism.

\* Mme Bras's experiment is

still too recent to be able to say whether she will rescue French-language teaching from a slow death in America. But she represents a courageous reaction which doesn't fit in with our usual ideas on spreading our lang-

uage. The preparation she proposes as a necessary prelude to any teaching of French seems a good way of letting the idea sink in that French hasn't become fossilised or elitist.

## Battle taking in Canadian education

"Money is certainly a factor, but the real issue is the proposed increase in pupil-teacher ratios." That statement from a teacher on strike recently in Ontario's Durham region underscores the little-noticed but ferocious battle that is taking place in Canadian education. (In this instance, 8,600 students were short-term losers, as teachers closed a school system to fight for retention of jobs and the "quality of education.")

The encounter between teachers and their bosses is but one minor gust in a

nationwide storm that is completely changing the face of Canada's \$13.8 billion education system, writes Roger Worth in The Financial Post.

Basically, the conflict pits teachers and others involved in running schools, universities and community colleges, against taxpayer representatives, including boards of education, provincial governments and, to a lesser degree, the federal government.

The issue: declining student enrollments, and who should take advantage of

savings on education spending. At stake: hundreds of millions, perhaps billions, of tax dollars, thousands of jobs in education systems across the country, as well as what teachers refer to as "the quality of education in Canada."

So far, the taxpayers' representatives seem to be winning the battle to shunt savings through to taxpayers by either reducing or holding the line on many education expenditures. But the educators are seriously concerned and seem to be stiffening their resolve.

## Air Cadets in Review St. Albert R.C.A. C. Squadron No. 533

By Cpl. Mike Parkin  
The squadron returned from the Edmonton International Airport pleasantly surprised on Thursday evening, March 17. We went on a tour of a Wardair 747 and the Wardair hangar at Nisku on Thursday evening and we were very pleased with the tour.

The tour consisted of a look around the hangar, a tour through the 747, including cockpit and a walk around on the ground. The chance to see a 747 close up on the tarmac amazed most of us, but the cockpit was something else! The cockpit appeared to have been designed for a pilot standing 4'6" or less, but the pilot who showed us around stood 6' or better. As you walked into the cockpit, you were met by smiling Wardair Captain Don Saunders. He explained that a myriad of

switches over your head as you walked in were merely a bunch of circuit breakers, while on your right hand side was the flight engineer's seat, with dials, charts and switches surrounding you. The pilot seat was what interested most people, including our two private pilots, who were seen with eyes aglow and mouths hanging open in wonderment.

After the inside tour, a walk-around inspection was done, although very brief. Everyone took a look at the jet intake, which is big enough for a man 6 feet high to stand in with six inches to spare. Steerable main landing gear was pointed out to us, as was part of the \$5 million worth of avionics in the nose.

Everyone enjoyed the tour and it was very much appre-

ciated. On behalf of the squadron I would also like to extend our thanks to Capt. Don Saunders, Mr. Terry Nord and our two wonderful bus drivers, who put up with a lot of noise.

Saturday, March 26, sees 11 cadets from our squadron at Penhold up for Provincial Air Cadet League Scholarship selection boards. Competing for scholarships are: WO11 D. Webster, International Exchange; Sgt. R. Fecteau; Cpl. M. Parkin; Cpl. L. Hymers, Senior Leadership Training; Sgt. M. Barton, Cpl. J. Klein, Powered Flight Training; Sgt. T. Davies, Cpl. M. Dyer, Glider Flight Training; Cpl. L. Hymers, Technical Training; LAC R. Yates, Athletic Leadership Training; LAC S. Harvey, LAC A. Green, Ground Search and Survival. Best of luck to all of you!!

## NOTICE CITY OF ST. ALBERT RE: HOLIDAY GARBAGE PICKUP

TO: ALL RESIDENTS OF ST. ALBERT

Garbage normally picked up FRIDAY, APRIL 8, 1977, will be picked up on THURSDAY, APRIL 7, 1977.

Garbage normally picked up MONDAY, APRIL 11, 1977, will be picked up on TUESDAY, APRIL 12, 1977.

RESIDENTS ARE ASKED TO HAVE THEIR GARBAGE AT CURB SIDE BY 7:30 A.M. ON PICK-UP DAY.

# St. Albert Figure Skating Club

The executive, the moms and dads, and the skaters of the St. Albert Figure Skating Club have been working very hard to get the show on the ice. Costumes, props, music and routines must all be perfect. The result of this hard work and effort is what entertains the spectators and we know that this year they won't be disappointed.

To comply with our theme 'Stars on Ice,' we have some stars appearing as guest skaters. They will be Miss Camille Rebus, an accomplished skater, who was Junior Canadian Ladies Champion in 1975 and Mr. Gerry Smith, a former Junior Canadian Pairs competition. And of course, our own club's, 11 year old, Natalie Lassiter, who was 1977's Juvenile Ladies 'A' champion in the Alberta championships, will be skating. Tickets are still available from club members, Ozzie's Sportshop, St. Albert Sportshop, and the arena concession. Remember the deadline for the carnival tickets is Friday, March 25. There will be a table set up in the arena from 3:45 - 5:45 p.m. and Maureen Barr will be collecting the money and the unsold tickets. So let's sell those tickets and fill the house.

Thursday, March 17, saw three skaters from our club achieve success. Gwen Grant passed her preliminary figure test and Paula Peskewski and Linda Fairfield passed the first figure test. Congratulations to these skaters and good luck to our members entered in the tests, Wednesday, March 23, from 4 - 10 p.m. There will be 35 dance tests, 13 figure tests and four bronze free skate tests taken that evening.

There is still room for more National skaters, as we have ice time available from 10:30 a.m. - 12 noon on Friday, April 1. The registration fee is 50¢ and all National skaters are welcome. If you

are interested, contact Yvonne McNeil at 459-7995. As reported earlier, our

general meeting is scheduled for April 21, 8 p.m. at the Akinsdale Clubhouse. We

hope to see as many members as possible, for we need the voting power and the

interest to begin our 1977-78 season. In addition to electing the new executive, and

voting on amendments, registration for next year will be discussed.

# School Days In St. Albert

## Lt.-Gov. Steinhauer visits V.J. Maloney School

Wednesday, March 16 was no ordinary day at Vincent J. Maloney school. Anticipation was in the air as the students of a new grade nine Canadian Law and Government course awaited the arrival of Lieutenant-Governor Ralph Steinhauer, who came to give his official blessing to the new course.

The course was instituted because of the students' interest in the subject. It serves to acquaint students with a working knowledge of Canadian federal, provincial and municipal systems of government.

Mrs. Marguerite Kaminsky, who teaches the course, commented that during the last decade, there have been striking changes in the field of government and politics. Thus while discussing the evolution of the structure and function of all three levels of government, students are better able to understand, assess and cope with recent and future developments in the field of government.

Upon his arrival, Lt.-Gov. Steinhauer was greeted by his aide de camp, Mrs. Donna Lynch. He then proceeded to the lunchroom where the students of the new course awaited him. He was introduced by Principal John Kaminski, who remarked that "We are quite privileged to have this opportunity" and added that it was the first time in 30 years of teaching that any school in which he taught had been the recipient of such a visit. He related to the students and the Lieutenant-Governor had been a Band Counsellor on the Saddle Lake Reserve for 34 years, taking an active part in the affairs of the community and eventually receiving the Centennial Award.

Mr. Steinhauer first addressed himself to the question: "How did I become the Lieutenant-Governor?" He said wryly that he still has no idea of how the selection is made. He told the students of how the Prime Minister's office had phoned him to tell him that his name stood as a candidate for the office and spoke of his surprise at the news. Later he spoke with Prime Minister Trudeau himself, who informed Mr. Steinhauer that he was about to go to the Governor-General with the Order-In-Council appointing Mr. Steinhauer for him to sign.

"What if he won't sign it?" asked Mr. Steinhauer.

"Then he'll be looking for another job," said the Prime Minister. "Remember that."

Mr. Steinhauer explained to the students that he had had little knowledge at first of his duties as a representative of the Crown as he had had little exposure to municipal, provincial or federal levels of government.

He told them that this was due in part to his educational background, which was quite

different from that of the students he was addressing. He explained that he was in grade three when he was the age of a grade nine student, as they only went to school half-days and had to learn English as well. At 18 most Indians only had grade four, and he was considered a "well-educated Indian" as he had finished grade eight. He then worked as a clerk in a store which he said did much for his cultural awareness.

The store in which he worked was a combined grocery store, bank, and post

office. Part of his duties included acting as assistant postmaster. However, after filling out the government application for the post, he was informed that Indians could not hold such positions!

At this point he referred to Mrs. Steinhauer, his wife, and said that she had been and still was a great help to him.

### DUTIES OF OFFICE

In explaining his duties, Mr. Steinhauer said that social functions play a sub-

stantial part in the role of the Lieutenant-Governor. As he is a representative of the Crown, he must participate many times in the pomp and ceremony due the Crown. He explained that visiting dignitaries must pay a courtesy call upon the Lieutenant-Governor, and that he must attend the province's major social functions.

In addition, the Lieutenant-Governor must sign all Orders-In-Council before they can become operative, and all bills must be given Royal Assent before they become law. Money bills are

signed before they go before the House.

Mr. Steinhauer then moved on to tell the students of the powers of the office. He can dismiss ministers on the advice of the Cabinet, and to explain his power, he quoted from former Gov.-Gen. Roland Michener who compared the office to that of a referee.

Judges are appointed through the Lieutenant-Governor's office because it is an apolitical and non-partisan position. He referred to the time of Lord Byng and Prime Minister Mackenzie King.

The Prime Minister had been considering an unconstitutional act, and was warned by the Governor-General that it was unconstitutional. King said he would make it constitutional, but was warned by Byng that he would be dismissed. King changed his mind.

Mr. Steinhauer ended by presenting the school with a book, "The Crown in Canada" by Dr. McKinnon. He was thanked by Mrs. Kaminski, who said that no book could discuss the office as well as Mr. Steinhauer.

## Voice of V.J.M.

Things are winding down at VJM this week before the spring break, however things are still happening.

Yesterday we were treated

by Al Oeming and Tawana, his super Cheetah. A most entertaining and heartwarming experience. That show will always be popular.

On Thursday, March 24, VJM will hold its annual Talent Show, the proceeds being sent to the missions as a Lenten project. There are 21 entries so far, the

admission is reasonable, and it promises to be a fun-filled evening. Tickets can be bought through the school and the door.

Two other Lenten projects, the rummage sale and starvathon are slated for April 5. Any saleable articles for which you have no need can be dropped off at the school. A bake sale is included.

Classes are busy readying themselves for the public speaking contest to be held in April. More on this later.

An entertaining pep rally was held in the VJM gym last Friday, March 18 to interest students in the final junior high basketball games held

that night in the Paul Kane gym. Our girls turned out as league champions and our boys did themselves proud in a losing cause. Congratulations to both teams.

At the same rally some awards were given to students for participation in school activities. Recognition was given to Snow Queen and Snow Sculpture participants, winners of events at the VJM winter carnival, and table tennis champions.

Junior high badminton playoffs are now underway. They will be finished this week.

Have a happy and healthy spring break!

## Sir George Simpson, V.J. Maloney city champs

Vincent J. Maloney girls capped a very successful season as they downed Lorne Akins 26-10 to win the City Championship. The underdog Maloney girls turned in their finest contest in shooting and rebounding and their constant hustle kept Lorne Akins off balance. Lorne Akins also turned in a fine game but the outside shooting of Maloney was extremely accurate. A large number of enthusiastic Maloney fans also helped Maloney. A big thank you goes out to both ball clubs for putting on such a great show.

The Lorne Akins girls showed a lot of class and appreciation for their coach, Roger Scott, when they presented him with a plaque

after the game at centre court.

In boys action, Sir George Simpson finalized their season with a fourth quarter surge to defeat a very stubborn and game Maloney squad 40-29. Simpson, 11-0 on the season, went ahead 8-4 at the quarter but fell behind 18-14 by the half. Maloney dominated the third quarter building up a lead of 26-16 by the time the fourth quarter began. Maloney, got itself into some foul trouble though, and the powerful Simpson club went wild. Simpson outscored Maloney 24-3 in the final quarter to win its second straight city championship.

A very big thank you goes out to Perry Pearn for

organizing and running championship night. A big thank you also goes out to the high school students at Paul Kane and St. Albert High who did such a competent job of refereeing the league this year.

## Les Tournesols enjoy St. Patrick project

The pre-schoolers of "Les Tournesols Bilingual Play-

### We goofed!

In last week's issue of the Gazette, page 13 contained pictures of winners in the Science Fair at Sir Alexander Mackenzie School. However a mix-up occurred in the lines below the picture. The centre photo, said to be Laurel Coulter, was in reality, Laurie Yarrow. Miss Yarrow won third, not second place for her project on "Mold." The next picture is of Laurel Coulter, who won second place for her project "Energy For The Future."

school" were taught the Christian concept of St. Patrick and his beloved Ireland. The imaginative Mrs. Florence Lefebvre, teacher of these pre-schoolers, had her little pupils plant some cress seed which sprouted nicely for St. Patrick's Day. The children proceeded to carve little holes out of potatoes and place the delicate clusters of cress into the vegetables, paper shamrocks added the final touch to each potato. The children, acting like proud and ambitious little elves, presented the masterpiece to their surprised mothers.

In addition to providing a bilingual environment for children, the "Tournesols Playschool" also encourages children to be creative.

BASKETBALL ACTION AT V.J.M.

# Paul Kane News

On March 24, 19 Paul Kane students will be exported to Russia. Eleven days later we assume they will be imported back. During that period, I sincerely hope no report of an international incident will issue from the Kremlin, an ominous mention of "St. Albert," "Mr. Tingley" and "Capitalist propaganda" in its message. Honestly, I do wish them the best for and during their trip.

On March 27, a busload of students will be exported to Montana, U.S.A. though we can wish them well with no fears of political pandemonium, petition a prayer for their return on April 2, sound of limb and ski.

Last Wednesday, March 16 the Paul Kane Theatre Arts Room was lightened by laughter as the P.K. and Lorne Akins grade 9's jointly produced the play "You're a Good Man, Charlie Brown." The play, directed by Mrs.

Sunderland and Mr. Dick of P.K., musical direction by Mr. R. Adam of L.A., was performed twice that Wednesday; first, at Lorne Akins during the afternoon, and, later, that night at Paul Kane. The play was very well received and further performances may be possible in the future, if the space and facilities are available.

The actors were: Rick Brooks as Charlie Brown, Angie Schipper as Lucie,

Darren McLeod as Linus, Daryl Harrington as Snoopy, Sue Iddings as Peppermint Patty and Robbie Galbraith as Schroeder. Sheldon Fraser played the musical accompaniment.

The next night, Thursday, the Theatre Arts Room was again witness to music. The Bell High School Band from Ottawa had arrived on Wednesday night in St. Albert, their last stop on a Western Canada-wide tour, before returning home Saturday morning. The Bell students stayed with members of the P.K. band as billets and on Thursday night staged the concert, in which our band also took a small part. As a member of the P.K. band I can say that most of us were astounded by their musical ability and wonderfully polished program. As one who had a billet I can also say that we were sorry to see them leave. Our band hopes to return the visit, travelling to Ottawa sometime next year.

Kane was, I think, an unqualified success. Forty-three people, student and teacher, actively participated while the rest of the school recklessly pledged their money. Our estimated biggest earner was Mrs. Martineau, who had over \$8 per basket pledged, and made 18 baskets in the five allowed minutes. Other participants made the total of 25 baskets, but didn't have as much money pledged per basket. Contest organizers hopefully estimate that over \$1,000 will be "raked" in, over our quota of \$762.00, or 75¢ per student attending P.K. The funds are of course, to go to the Cross Canada Run project.

The North Central executive, the division organizing our part of the run, has agreed to run the "second leg of the Western half." In plain English, the route will be on Highway 11; the starting point, the turnoff to the Big Horn Dam site, the end point, 28 miles west of Rocky Mountain House. The total distance run by our division will be 41 miles. The 30 students running this dis-

tance will drive down to the David Thompson Resort, Cline River, on the afternoon of Friday, April 29. They will spend the night there and start the run at 8:30 the next morning. Their goal is to run one mile every six minutes, students running in half-mile shifts. Each runner will have at least two turns, while some will run three times.

And so, I guess, Paul Kane is "weathering" this sudden assault by the calendar of Springtime reasonably well. So are the snowmen built by the neighbourhood kids. How about you?

# Concerning Women Of Today's World

## Expectant parent education offered at Health Unit

Pregnancy and childbirth can be the most meaningful experience that a couple can share in their marriage. Expectant parents can now attend childbirth education classes to become more knowledgeable, confident

and relaxed as they prepare themselves for the birth of their baby.

The Sturgeon Health Unit is currently offering a series of six prenatal classes for any interested "parents-to-be" in the community. Couples are encouraged to register as soon as the pregnancy has been confirmed for early nutritional assessment and instruction.

It has been proven that the single most important environmental factor which determines the outcome of human pregnancy is maternal-fetal nutrition. The baby is totally dependent on what the mother eats. If the daily nutritional requirements for pregnancy are not met, there will not be adequate nutrients available to the baby for its optimum physical and

mental growth and development.

The public health nurse upon request early in a woman's pregnancy will arrange for a home visit or class to discuss nutrition. Later in the pregnancy, couples may attend the series of six pre-natal classes which are based on the LaMaze technique of childbirth. These classes are held Monday evenings, 7 - 9 p.m. at the Health Unit offices with the next series commencing April 16, 1977.

Topics to be covered include: changes which occur during pregnancy; human reproduction; fetal growth and development; nutrition; breast feeding, labor and delivery and care of the new baby.

The classes also include limbering-up exercises for a comfortable pregnancy and breathing and relaxation techniques to ease labor and delivery. Husbands are encouraged to attend so they may fully share in the birth experience by learning and

coaching their wives in these techniques.

A review class is scheduled for the fourth Tuesday of each month for couples who feel they need a refresher class closer to the delivery date.

All interested couples are invited to register by calling the Sturgeon Health Unit at 459-6671. The enrollment is limited to 10 couples per series and the fee is \$3 per couple to defray the cost of refreshments.

## HELP Society completes course on emergency home care

On January 17, Caroline Harrison, Nancy Wilson, Betty Lovatt and Peg Humbert accompanied Iris Bruce, coordinating supervisor of St. Albert Help Society's Homemaker Service, to a Red Cross sponsored workshop on Emergency Home Care, in Edmonton.

Starting February 7 these four nurses and the co-ordinator conducted a workshop in St. Albert for the Homemaker staff to instruct them on emergency home care. This course which ended March 15 embraced emergencies that might arise in the home, including cardiac arrest.

It is of interest to note that two of the volunteers had previously used the homemaker service, and was a former board member of St. Albert Help Society.

The St. Albert Society

Board comprises 10 members, all of whom are volunteers. Presently serving on the Board are Anne Jwaszko, president; Pat Gray V.P., Myrna Derieu, secretary; Terry Regimbald, treasurer and members at large: Hettie Blades, Eleanor Campbell, Gladys Brodie, Bud Reiniger, Joyce Luders and Sheila Cooper.

#### LOCAL MEMBERS ATTEND WORKSHOP

On March 16, at the Mayfield Inn, the Volunteer Services and the Volunteer Action Services of Edmonton sponsored a workshop on board and staff interaction. The workshop was conducted by The National Centre for Volunteer Action, from Washington, D.C. This was the first workshop conducted by the National Centre to be

held in Canada.

Dr. Eileen Schindler was the principal speaker, assisted by Dale Chastals. About 100 board and staff members of volunteer services from Edmonton and the surrounding districts attended. Hettie Blades, Iris Bruce and Gladys Brodie represented the St. Albert Help Society.

The purposes of the workshop were:

To provide board and staff with principles which promote and encourage an effective service organization.

To analyze the roles and responsibilities in the board-staff relationship.

To demonstrate techniques and materials for improved board functioning.

To consider elements of board orientation.

## Area babysitting service has registers

The volunteer co-ordinators of babysitting service recently started in St. Albert will be very happy to hear from anyone looking for a babysitter or from anyone wanting to babysit. These ladies saw a need, decided to meet it and the babysitting service was born.

They each have a register of babysitters in which there are people willing to babysit during the day, evenings and even overnight in a few instances. For more information about the service and how to get "plugged in," phone one of the co-ordinators on the list following. Any of them will be more than willing to help although you may prefer to phone one in your own area.

Lacombe Park - Mrs. Giger, 458-2693 or Mrs. Childs, 459-6241; Mission Park - Mrs. Temple - 458-1469 or Mrs. Jurgens, 458-0408; Grandin Park - Mrs. Wozniak, 459-6978 or Mrs. LaBonte, 459-5472; Braeside - Mrs. Schwartz, 458-0868; Sturgeon - Mrs. Mackenzie, 458-1240; Forest Lawn - Mrs. McConkey, 458-5923; Forest Lawn and Akinsdale - Mrs. Clague, 458-0141.

## Some like it hot - Bul-Go-Gi House specializes in Korean food

By Jeanne Jamison

I was very politely informed the other day that all Oriental food is not alike. The Japanese emphasize seafood, the Chinese use quite a bit of fat in the cooking process and the Korean cooks are heavy handed with the spices.

These facts were clear for me by Mr. Kyu Ung Chong, proprietor of The Bul-Go-Gi House, a Korean restaurant on 92nd Street and 88th Avenue.

Mr. Chong along with his wife, Ohn Joan who does most of the cooking, have been in Canada for five years. Mr. Chong worked in a restaurant in Korea for five years, from 1965 to 1970, and is an accountant by profession.

The name of the establishment explains the type of food it specializes in - 'Bul' means fire and 'Go-Gi' means meat. The combination, 'Bul-Go-Gi' means 'barbecued meat.'

The Bul-Go-Gi House menu consists of about a dozen different dishes, usually a combination of meat, vegetables and rice. In addition they also offer a fried vegetable dish, fried wontons and wonton soup.

The menu also features a couple of weekend specials - Bee-Ben-Bap, fried mountain vegetables with Korean soup and Kimchee (kimchee is an assortment of mixed pickled vegetables which are very hot), and Nyeng-Myon, Korean spaghetti with or without gravy.

### ENTREES PACK A PUNCH!

For those who like 'hot' food, Mr. Chong recommends 'Deah-Ji-Bul-Go-Gi,' a spicy pork dish. I personally prefer food which doesn't

pack such a 'punch' and would recommend any of the other entrees. The 'Bul-Go-Gi' is marinated beef with vegetables cooked at the table. 'Kun-Man-Doo' is fried wontons. 'Deah-Ji-Dung-Shim-Ku-Yi' is marinated steak with vegetables and rice, and 'Bul-Gal-Bee' is barbecued short ribs of beef with fried vegetables.

For groups of four or more (unless you have a big appetite) I would suggest trying the wonton soup. A word of caution - one bowl is enough for four people as part of a combination meal. When I was at The Bul-Go-Gi House, my husband and I each ordered some wonton soup and were more than a little surprised when two heaping bowls, the size of average mixing bowls, appeared before us. However the soup was delicious and the wontons were the biggest and best that I have ever tasted.

To bring the meal to a satisfying close, The Bul-Go-Gi House has an excellent ginseng tea. For the uninitiated, ginseng is a root grown in Orient, which is attributed with a variety of healthy characteristics.

The Bul-Go-Gi House is particularly interested in catering to large groups of between 20 and 50 persons. Mr. Chong described a birthday party which was held at his restaurant the previous weekend for 50 people. The meal consisted of 22 courses, each one a Korean specialty.

Looking to the future, Mr. Chong plans to expand into the building next door, where he and his family had been living until the City of Edmonton told him that city bylaws prohibited this. Along with the expansion and

renovations, The Bul-Go-Gi House propriety would like to apply for a liquor license for Korean saki and beer, in keeping with the atmosphere and cuisine of the restaurant.

As is the case with many Chinese restaurants, it is hard to order a variety of dishes at The Bul-Go-Gi House without having copious quantities of food arrive at your table. For groups of four or more, this presents little problem. A different dish for each person, a bowl of wonton soup and you have a lovely meal with variety of flavour and texture. How-

ever, a dinner for two does present a problem. In this case, two, or at most three, different dishes could be ordered, providing lots of food but limited variety.

Although the service was prompt and friendly, I would like to have had the menu explained to me and had some help in selecting a well-rounded, interesting dinner. Being served a bowl of wonton soup big enough to feed four people was, in my estimation, a lack of thoughtfulness on the part of our waitress.

## Alberta wildflower art exhibit at Provincial Museum

When artist Helene White set out to paint wildflowers, she didn't realize it would take almost two years of detective work on the prairies, in the foothills and mountains to find the rarest specimens.

Mrs. White travelled from Cypress Hills to Waterton Park between spring 1975 and fall 1976 in search of her delicate subjects. Always respectful of them, she never picked a flower. Her husband photographed it and she sketched. Later on in her studio, Mrs. White completed the painting in acrylics.

Some wildflowers were easy to locate. Finding others required the help of local flower lovers, a very protective group. Mrs. White

explained "Once they know you're serious and won't pick them, they'll tell you where to find them."

Each of the 41 paintings in the exhibit is accompanied by a brief description of where the flower was found and how it grows.

Mrs. White was born in Winnipeg and moved to Alberta in her teens. A self-taught artist, she uses chiefly pencil, acrylics and occasionally charcoal on paper.

The exhibit of her paintings is on the second floor of the Provincial Museum in Feature Gallery 2 until May 23. Hours are Monday to Saturday 9 a.m. to 5 p.m. and Sunday 11 a.m. to 9 p.m. Admission is free.

# 'Schweyk' in the Second World War: Wit wins out at the Citadel

By Vicki Knight  
Bertold Brecht's "Schweyk in the Second World War" at the Citadel Theatre is all about survival during wartime. However, it is not your usual epic tale of magnificent physical courage in the face of overwhelming circumstance. It is instead a triumph of the intellect, where wit prevails and the sly survive.

Schweyk's war is war through the eyes of a wary civilian -- a dreary landscape coloured by absurdities. It is both banal and bizarre, loathsome and ludicrous.

As a little man treading the treacherous waters of Nazi-occupied Prague, Schweyk keeps afloat by means of verbal magic, and is vastly amusing in the process.

The play itself relates the wartime fortunes of a small group of regulars at a Prague tavern. Each fights the war in microcosm--against waning business, lagging spirits, hunger pains and listening ears. Mrs. Kopecka, owner of the tavern where both Czech and Nazi gather for a quiet brew, struggles to keep the atmosphere of her establishment serene and un-

punctured by political diatribe. The sign in her tavern is a salute to the stability of commerce; "Drink your sli-vovitz, drink your beer, but don't talk politics in here!"

Baloun, Schweyk's comrade and partner in crime, is a man obsessed -- driven by dreams of goulash and other delicacies. Chronically hungry, he must at regular intervals be dissuaded from joining the German army, where he has heard there is food abounding.

Schweyk himself is a procurer of dogs, or dog hustler. A man of a certain sophistication, he is a student of human frailties, but a compassionate one. As Schweyk, Eric House is a whirlwind, buffeting his opponents with gusts of words, leaving them exhausted and bewildered.

He is a benevolent, chattering will o' the wisp, whose Nazi victims realize they have been stung only after he has slipped from their grasp. The old adage, slightly paraphrased says "Bull dust baffles brains." Schweyk proves this at every turn, and the Nazis are paralyzed by his brand of psychological warfare.

"Schweyk in the Second World War" is Epic Theatre, an approach to drama initiated by Brecht himself, in opposition to the realism projected by Stanislavsky and others of that ilk. Brecht emphasized that he did not wish to give an illusion of reality. "The actual world exists and is our subject" he

said, "but this play and this stage are not it." Epic Theatre can employ many devices to reiterate this idea, and the Citadel's production of "Schweyk" runs true to form. Symbols and scenes are projected on a gauze screen, and characters occasionally burst into song. Hitler, Himmler and Goring appear as cartoon figures with massive, caricature heads. It is theatre that provokes the mind more than the emotions, and I found it a welcome change from the barrage of grim reality currently bombarding the arts.

The acting in the pro-

duction is droll and diamond-edged. Eric House soars swoops and rambles through the part of Schweyk, and inevitably delivers the sting with flawless timing. As Mrs. Kopecka, Peggy Mahon is both a shrewd entrepreneur, and a woman of compassion. Alternately cajoling and haranguing her little slack, she subdues their behavior and cheers their spirits. As Baloun, Charles Irvine is the perfect foil to Schweyk. He is anyone who ever contemplated abandoning principals to assuage the nagging demands of the body. (St. Albertans may note the presence of a local

star in the cast: Sasha, a samoyed from the Jassem Kennels here, plays a much sought-after German spitz).

First and foremost, "Schweyk and the Second World War" is entertaining theatre. Except for a couple of scenes taking place on the Russian front which dragged a little, there is never a dull moment. Schweyk and company get each other through their war, and are a delight while doing it. No attempt is made to downplay the black absurdity of war, but we are left knowing that it can be overcome by wit and warmth.

## Festival 77 concert to feature Classics

An evening of Chamber Music is reserved for those who enjoy the classics Thursday, March 31 at 8:30 p.m. in SUB Theatre.

Presented as part of this year's CBC Festival, The Tedesco Trio, The Regina Watson Trio and Carmen Bourret, soprano will all share the spotlight for the evening's performance.

The Tedesco Trio is comprised of Peter Higham, guitar; Nick Pulos, viola; and Harlan Green, flute. All have vast experiences and are well-known locally for their great involvement in the music community.

For this particular concert the Trio will perform Joseph Kreutzer's Trio Op. 16 and Aria by Tedesco.

Familiar to Symphony goers in Edmonton, Regina Watson was harpist with the Edmonton Symphony Orchestra in 1973 to 1977.

Joining her for the evening will be George Andrix on violin and Colin Ryan on cello.

Together they will present Jacques Ibert's Trio for harp, viola and cello and Maurice Ravel's pavane (for a dead Spanish Princess).

Concluding the CBC Fes-

tival concert is a woman who has added her great talent to a variety of performances throughout the Province.

Carmen Bourret, wife and mother of four, has been active in Provincial Music Festivals, has appeared as soloist with the Edmonton Symphony Orchestra and Alberta Opera Association, as well as performing on local and regional radio and television.

New to Edmonton audiences, Carmen Bourret's selection for the evening will be Bachianas Brasileiras for voice and eight cellos.

Ralph Thurn is producing the March 31 concert and it will be recorded for future broadcast on CBC Radio, 740 in Edmonton.

Tickets are \$3 and available at all Bay Ticket Outlets, HUB Ticket Office and at the CBC Reception Desk.

Carmen Bourret, daughter of Mr. and Mrs. Maurice of Morinville, is a featured soprano on the chamber music concert being performed Thursday, March 31 at Sub Theatre, part of the CBC's '77 Festival.

# New picture books for children at the St. Albert Library

By Margrit McCreath

**The Country Mouse and the Town Mouse** by William Stobbs. Once there was a beautiful little country mouse called Rose. She had a husband, Adrian, who looked after her dearly... Stobbs tells of the excitement encountered when Rose and Adrian visit their town friends.

**Fact and Fancy Books** by Peggy Blakeley. Bright, col-

ourful books children can read for themselves. The illustrations are superb, the lively text has rhythm and a real feeling for words. **Aunt Fan; A Dreadful of Dragons; Jack-a-Dandy; Knock on Wood; Silver Buckles; Wilfred's Forty Winks.**

**Fourteen Rats and a Rat-Catcher** by Tamasin Cole. An old lady and a rat family are housed together. Told from the two different perspectives, this is a story

of contrasting viewpoints and ironic twists, richly illustrated in full colour.

**The Little Engine That Could** by Watty Piper. A special golden anniversary edition that is so splendidly illustrated, so exquisitely designed, so lovingly produced, that it is guaranteed to generate another 50 years of enjoyment at the very least.

**Potato Man** by Polly Pinder. Potato cuts are the

simplest method of printing, but Polly Pinder shows how much can be done with a potato, paint and a lot of imagination. Children will want to try it for themselves.

Read **Together Books** by Peggy Blakeley. This series of colourful picture books is intended for reading aloud to young children. The illustrations, painted in sumptuous colour by Japanese artists and printed on a special textured paper, are

vivid and unusual.

**Another Day Tomorrow; Emmie and Chips; James and the Modern Aeroplane; I Bet I Could.**

**Shapes** by John Reiss. Shapes in a riot of colour to delight the eye and the

imagination. Squares, triangles and circles are transformed at the flip of a page into cubes, pyramids and spheres. Demonstrates the whole idea of shape in an arresting and exciting presentation.

## The National Shakespeare Company presents a comedy of errors

The hilarious farce **A Comedy of Errors** will be performed by The National Shakespeare Company on March 25 at 8 o'clock, sponsored by Students' Union Concerts, University of Alberta. This romp is brimful

of improbable coincidences, with mistaken identities between a double set of twins doubling the confusion -- and the fun. The play, which Shakespeare freely acknowledged he updated from the

Latin "most excellent witty Poet Plautus" to his own time, lends itself perfectly to the zany 1920's in which this version is set. With the language, characters and action intact, this production

uses the familiarity and vitality of a more contemporary American era made mythical and accessible by popular culture, to increase the feeling of immediacy and let the audience just sit back and enjoy the goings on.

This concept is the happy creation of Sue Lawless, who was nominated for the Drama Desk Award for Outstanding Director and who also directed the New York Theatre Company's delightful musical **Spoon River Anthology** and last season's **The Fantasticks**. The costumes have been designed by Sharon Hollinger. Her versatility is evident in the fact that she has also designed costumes for the Joffrey Ballet, the Santa Fe Opera House, as well as a full range of Shakespearean plays for The National Shakespeare Company over the past five years. The sets were designed by Associated Theatrical Designers Ltd., whose most recent projects were **The Young Vic** from England and numerous Broadway and touring shows.

The play, which served as the model for the Broadway hit, **The Boys From Syracuse**, proves that inducing hearty laughter, far from being a trivial endeavor, is indeed a gift of enduring value.

Tickets are available at The Students' Union Box Office (9008 HUB mall), all Woodward stores, Coliseum, Bonnie Doon, Mike's Ticket Office, and at the door.

## Films galore for all ages

### THE HEYDAY OF THE HORSE OPERA

The Community Programs Section of the Library is presenting a series of feature length western films from the heyday era of the horse opera, on Saturdays and Sundays from March 19 to April 24 in the Central Library Theatre at 2 p.m. each day. Admission is free and it is recommended that persons come early to insure admission.

The westerns scheduled for showing during March are:

### Photography workshop provides critical evaluation

The Edmonton Art Gallery will offer a photography workshop conducted by leading photographer and teacher, Hubert Hohn, from April 6 - 9, 1977. This workshop is for experienced photographers as well as collectors and appreciators and is designed to provide the experienced photographer with the means for further his own development through awareness of photography's history and through self-critical evaluation. It will be especially useful to photographers who anticipate exhibiting, selling or publishing their work. Participating photographers must each provide a minimum of 20 to 30 mounted prints for discussion. Groups of prints representing different phases of development would be useful.

The schedule for this workshop is 7 p.m. - 10 p.m. from April 6 - 9 and 9 a.m. - 4 p.m. on Saturday, April 9. The fee is \$30.00.

All registration, whether in person or by mail, must be received by the Gallery no later than Thursday, March 24, 1977.

For further information call the Edmonton Art Gallery at 429-6781.

**Destry Rides Again** (1939) with James Stewart and Marlene Dietrich; **April 2 and 3: The Plainsman** (1937) with Gary Cooper.

### COMEDY FILM SERIES PLANNED FOR LIBRARY

National Film Theatre-Edmonton and the Edmonton Film Society have combined forces to present a series of Harold Lloyd comedy films on Tuesday evenings at 8 p.m. in the Central Library Theatre from March 22 until May 31.

The films scheduled for showing during March are: **March 22:** extract from **Hot Water** (1924); **Safety Last** (1923); **March 29:** extract from **Never Weaken** (1921); **Why Worry** (1923); **April 5:** extract from **A Sailor Made Man** (1921); **Grandma's Boy** (1922).

Special dispensation has been received from the Alberta Censorship Board to allow children under the age of 18 years to attend this series if they are accompanied by an adult.

On Friday evenings from March 18 until May 27, a

series of films which have outstanding performances by supporting actors will be shown in the Central Library Theatre at 8 p.m.

The films that will be shown during March are:

**March 18:** **Design for Living** (1934) with E. E. Horton; **March 25:** **The Devil is a Woman** (1935) with E. E. Horton; **April 1:** **All the King's Men** (1949) with Mercedes McCambridge.

Series tickets for each series, which are available at the Audio-Visual Division on the Second Floor of the Central Library, are \$12 for adults and \$10 for students and senior citizens. Individual admissions are available at the door only are \$2 for adults and \$1.50 for students and senior citizens. For the Harold Lloyd series the admission price for children is \$1.50.

A calendar which outlines all the films to be shown and further notes on each film is available at any Edmonton Public Library outlet. For further information please contact Skip Wilson at 423-2331 or Ursula Ulrich at 439-0209.

## AEC BUYS INTO WHITECOURT TIMBER PROJECT

A joint venture for the development of a forestry complex in the Whitecourt area was announced last week by the Alberta Energy Company Ltd. and Simpson Timber Co. (Alberta) Ltd.

The AEC has acquired a 40 percent interest in the assets of the first phase of the forest products complex, and will act with Simpson Timber in the initial phase, and in two subsequent phases. To date, the AEC has invested \$12 million in the first phase.

The timber company commenced the first phase in 1975, and began to manufacture lumber in July of 1976. The lumber manufacturing plant will employ 220 persons when operating at capacity later this year.

In addition to the lumber manufacturing plant, the three phases will consist of a glued-products manufacturing plant

and a wood fibre utilization plant. The lumber manufacturing plant will reach a full capacity of 100 million board feet per year in 1977 and will be the largest in Alberta and one of the most modern in North America. Its annual output will provide lumber enough to build 12,500 average homes.

## "BEHIND CLOSED DOORS" MOST POPULAR TUNE WITH WESTLOCK TRUSTEES

"Behind Closed Doors" was Westlock School Trustee Art Lyons' theme song at a recent board meeting, but his fellow trustees deemed it out of tune with public sentiment.

Mr. Lyons suggested that the board might set aside a certain period to go in-camera for discussions which shouldn't be heard by the public.

Rejecting the proposal, Chairman Bob McLaughlin stated "I can't go along with you on that—I'm against suppression of the press."

Trustee Davies was even more emphatic, stating flatly "You can't do that, Mr. Lyons. Definitely not!"

"I can't buy that either" reiterated Mr. McLaughlin. "We can go into committee of the whole anytime the need arises."

"Planning can be done at previous committee meetings," said Mr. Davies.

Mr. Lyons dropped the subject, due to its general unpopularity.

In St. Albert, both Districts 3 and 6 conduct the latter portion of their meetings "behind closed doors."

## PLAN WILL LIMIT TORONTO'S GROWTH.

A planning report on Ontario's future development released by Treasurer Darcy McKeough has designated London, Kingston, Thunder Bay and Ottawa as regional centres to draw growth away from Toronto.

The choice of the four cities may change subject to further study and public reaction. Sudbury may receive such a designation in the future but not at the present.

According to the report, certain other communities will be encouraged to develop sub-regional service centres. Named in this category were Windsor, the Kitchener-Waterloo-Cambridge area, Hamilton, a planned urban centre in Halimand-Norfolk, the St. Catharines-Welland-Niagara Falls area, Oshawa, Barrie, Belleville, Cornwall, North Bay, Timmins and Sault Ste. Marie.

If current trends are continued, the province's population will be about 12 million by the end of the century, and it is expected that people will continue to concentrate in major urban areas.

The province hopes to correct specific regional problems, such as in areas with a narrow economic base, where the range of employment opportunities could be increased. The report says a minimum standard of convenience and amenity could be maintained in all areas. The government is also committed to protecting natural resources.

A proposal for a metropolitan arc around Toronto and Hamilton is also contained in the report.

## HARD TIMES AHEAD FOR CANADA

The Royal Bank forecast released March 15th predicts difficult times ahead in Canada.

Latest Trendicator indicates that Canada's economic growth rate for 1977 will drop to 4.1 percent "at best" from 4.6 percent in 1976. Results also forecast an unemployment rate of 7.5 percent for Canada as a whole this year - and that inflation will not be below seven percent.

The Trendicator is a composite index of 11 leading indicators whose turning points traditionally tend to precede those of the economy by six months for a downturn, and nine months

for an upturn.

Robert Baguley, the bank's senior economist, foresees capital investment expenditures as the major area of weakness in 1977. Six components fell: The ratio of price to unit labour cost; real pre-tax profits in the corporate sector; the investors' index of 134 common stocks; the Toronto Stock Exchange price earnings ratio; primary

steel production, and the number of residential permits issued.

Components which rose are the real value of total building permits, the real value of the money supply, the number of housing starts in urban areas, and the average length of the work week in the manufacturing sector.

## Drought

Near-drought conditions throughout the Canadian prairies since last summer are placing this year's crop at a disadvantage. According to Stuart Edey, an agromet-

eorologist at Agriculture Canada's Chemistry and Biology Research Institute in Ottawa, prairie soils suffered from low rainfall last summer and fall, and the moisture reserves aren't being replenished by snow.

Mr. Edey says that the present lack of snow amplifies the already serious problem of low moisture reserves in many prairie areas. Most Agriculture Canada research stations in the Prairie Provinces report only half the normal snowfall so far this winter.

# Guides & Brownies ready for Strawberry Festival

Preparations for the upcoming McKenzie District Brownie and Guide Strawberry Festival have been underway for quite some time now, with most of the packs and companies busy creating all manner of articles for sale at the festival. And all are designed to please the public.

The packs and companies of the Brownies and Guides invite everyone to join them at their Strawberry Festival this Saturday afternoon from noon to 3 p.m. in the Community Hall. Come and enjoy a piece of strawberry shortcake and a cup of tea or

coffee for 75¢, and if you are planning on bringing the children, ice cream and kool-aid for 25¢ will be available to them.

Besides craft tables which will display a wide variety of handmade, attractive and useful items, there will also be a number of homemade bake tables selling eye catching, mouth watering baked goods of all description. Plan to come early when the selection is at its best. Tickets can be purchased at the door, each ticket entitling you to one piece of strawberry shortcake

and a cup of tea or coffee, all of which will be served to you by a Brownie or Guide in the basement of the community hall. The crafts and baked goods will be on sale on the main floor.

Judging of the baking contest will also take place on the main floor, at 1:30. The always popular Fish Pond will again be a feature of this year's festival and a door prize of a beautiful hand crocheted afghan will be awarded some very lucky individual. It will be worth your while to drop in on Saturday for a relaxing and interesting afternoon.

Brownies from the 7th pack in Mackenzie District join the other Brownie and Guides in the busy preparations for their annual Strawberry Festival. The girls are making notepaper, leather necklaces, Easter table decorations, woolen Octopuses, mobiles and felt book markers to add to the host of articles for the sale held in conjunction with the festival.

# St. Albert woman to become foster parent

A four year old Bolivian child named Sara now has a more promising future, thanks to Mrs. Christine Rundle, St. Albert, and the Foster Parents Plan of Canada.

Mrs. Rundle's donation of \$19 per month helps Sara and her family, providing them with either a monthly cash grant or other material benefits such as free medical and dental care, free prescriptions, guidance by social workers and educational and vocational programs. The programs are adapted to the needs of the country, and tend to be concentrated in rural areas, where the whole community can benefit, particularly through mass innovations.

Mrs. Rundle will correspond with Sara, and these letters will be translated through the foster parents

plan. Over 70,000 children in 13 countries in South America, Central America, Asia and Africa are being aided by families through the program.

Sara has two sisters and one brother. Her father, a bricklayer, earns \$47.50 per month, \$41.35 of which goes to feed his family.

Their adobe house has one room and a bare earth floor. There is no running water or bathroom facilities, so water is fetched from a public tap.

Sara's father has problems with one of his arms, but her mother and brother and sisters are in good health. In case of sickness, they use home remedies.

Sara herself has brown eyes and hair and is friendly and talkative. Her physical and mental development is normal for her age.

# Baha'i New Year is first day of spring

The first day of spring conjures up images of renewal, rebirth and new beginnings. These are some of the reasons that the Bab, one of the principle figures in the Baha'i Faith, chose March 21 to celebrate Baha'i

New Year.

It marks the first day of the first month in a new 19 month calendar designed by the Bab, each month consisting of 19 days. The names of the months are based on the various attributes of God; for instance this first month is called "Splendor." On the first day of each month, Baha'i communities gather together to celebrate a feast which involves devotion, consultation on the affairs of the community, and fellowship.

The last month of the year from March 2 to 21, "Loftiness", is set aside for fasting and prayer in preparation for the forthcoming year. The fast is observed from sunrise to sunset each day. Prior to the beginning of

this last month, a four day period called the Intercalary Days equalizes the calendar to the 365 day year, and constitutes the gift-giving time of the Baha'i Year.

## SPRING REVIVAL

It is the conviction of the Baha'i Faith that the lives and teachings of both the Bab and Baha'u'llah who came after Him, have infused a fresh capacity into the life of mankind, much as the arrival of spring itself revives in the earth its inherent capacity to foster growth. All the myriad achievements of mankind in the fields of technology, mass communications, transportation and science in the past 100 years are the

physical manifestations of this new capacity.

From the cycles of nature the Baha'i Faith draws a parallel to the history of religion. Each of the world's religions has gone through the same four stages of spring, summer, fall and winter. Each experiences the youthful vigor of spring when its Founder appears in the world, the intensity of summer during its most creative period, in the fall, when it yields its harvest and

the fullness of its achievement; then, inevitably, it slips into winter, when like a tree its leaves fallen, it stands silent, awaiting the return of spring.

With the coming of the Bab and Baha'u'llah, Baha'is believe, the religion of God has been renewed once more, this time to culminate in the zenith of its achievement, with the unification of the entire human race in one common faith.

## Parsonally Speaking

First Baptist Church  
Pastor B. L. Heath

Lent, in the church sense of the word is the spring period of fasting in the preparation for Easter; in the Western Church it is a period 40 days before Easter.

Since Easter marks the great focal point of all the Christian faith this season is indeed a special time. Yet, each Sunday in one sense, is a special Lord's Day. The bodily resurrection of the Son of God is the factor that gave the early apostles the empowerment and enthusiasm to continue the worldwide witness of the worth of a faith in a Saviour that arose from the dead.

As we look at the matchless life of Christ we observe so many remarkable factors: as His pre-existence with God, His virgin birth, the

teaching techniques, the simple vocabulary, the miracles, the paradox of being human yet divine.

Over and over again Jesus taught His disciples that He must die on the cross and then be resurrected. They could not realize what he was teaching. Many people today will not believe in the resurrection. The Bible says, "But after thy hardness and impenitent heart treasurest unto thyself wrath against the day of wrath and revelation of the righteous judgement of God; Who will render to every man according to his deeds; To them who by patient continuance in well doing seek for glory and honor and immortality, eternal life; But unto them that are continuous and obey unrighteousness indignation and wrath."

## Sunrise Easter Greeting Service

The St. Albert Ministerial Association is giving over all leadership to the 7:00 a.m. service at Easter. All interested persons will assemble at the Parish church, the United Church and the Grandin Shopping Centre at 6:45 a.m. and march to the

old bridge where the familiar greeting "Christ is Risen" will be exchanged. The greeting will be followed by a brief worship service with Rev. Musto bringing the message. A coffee hour is planned in the Community Hall.

## Around Town

Residents in newer areas of the city could take little comfort from the visit of the Postmaster-General when he was in Edmonton March 14. "The freeze on providing

more door-to-door mail delivery will continue this year" the official said and fast-growing neighborhoods will continue to be serviced by group boxes.

# Recreation News

Submitted by the  
Recreation & Cultural  
Services Department

## GOLF

Golf lessons are again being offered by the Recreation Department commencing Thursday, April 21. Instructors will be Mike Tomash and Roger Klatt of the Sturgeon Golf and Country Club.

Three classes will be held simultaneously twice a week on Thursdays and Saturdays. Registration fee is \$15 for adults and \$10 for students. Application forms are available at the Recreation and Cultural Services Department in City Hall.

## CHILDREN 6-12 YEARS

With Spring Break coming upon us quickly the Department has planned a Spring Bird Festival for children aged 6 to 12. On Monday, March 28 the children will meet at the Grandin Clubhouse 12:30-3:30 p.m. and will build bird masks or giant birds or papier mache. Then on Saturday, April 2 they will return to the Grandin Clubhouse to decorate their creations and then don them and parade to the Grandin Shoppers Mall.

To register for this children should submit their name, address, age, telephone number and \$5 registration fee to the Recreation

and Cultural Services Department, City Hall, by Friday, March 25.

## BROCHURES

Some new outdoor programs as well as something for each age group is being offered in our new spring brochure. Watch for the delivery of this brochure to your homes the week of March 28. Registrations will commence by mail, April 4 and classes to start April 18.

## LAST CALL FOR REGISTRATIONS - SOCCER

For boys and girls to be held at the Grandin Clubhouse, Thursday, March 24

at 6:30 p.m.

## GIRLS SOFTBALL

For girls aged 8-16 as of January 1, 1977. To be held at the Grandin Clubhouse, Thursday, March 24 at 6:30 p.m.

The fee for all of these programs is \$8 per person or \$20 per family regardless of which sport they are registering in.

## BOYS BASEBALL

Boys six-16 years as of January 1, 1977 are eligible to register for baseball on Saturday, March 26 at Sir George Simpson Jr. High School from 10 a.m. to 12 noon. The fee is \$10 per person or \$22.50 per family of three or more. No registrations will be accepted after this date.

## SPRING BREAK

All of our programs that are held in the school facilities will be cancelled the week of spring break. Consult your individual instructor as to when your classes will be made up.

## CROCHET & KNITTING WORKSHOP

A combined crochet and knitting workshop will be held at the Mission Clubhouse, all day April 2. The fee is \$5 and persons interested may register by sending their fee payable to

the City of St. Albert along with their name, address and telephone number to the Recreation and Cultural Services Department, City Hall.

## STRAWBERRY TEA

Strawberry shortcake, tea or coffee will be sold for 75¢ and for the children, 25¢ will be charged for ice cream and kool-aid at the Mackenzie District Girl Guides and Brownies annual Strawberry Festival - Saturday, March 26 at the Community Hall.

The event will start at noon with judging of the baking contest at 1:30, and will finish at 3 p.m.

There will be a fish pond for the children, a door prize and crafts and home baked goods for sale.

## STURGEON VALLEY BADMINTON CLUB

Members are advised that due to the school Easter spring break and school use of the gym there will be no badminton for two weeks commencing Tuesday, March 29 to Friday, April 8, inclusive. Badminton will resume Tuesday, April 12.

We will be holding a novelty tournament on Tuesday, April 19 from 8 p.m. to 10:30 p.m. Names for partners will be drawn from a hat and prizes awarded, so please arrive at eight o'clock sharp to register. All club members, especially our newer members and those of you who have not had the opportunity to come out much this year, are welcome.

## AGT GOOD NEWS PARTY LINE

### RUMMAGE SALE

The Ladies Aid to the Canadian Reformed School Society will hold a rummage sale on Saturday, March 26 from 9 a.m. to 12 noon in the basement of the Canadian Reformed Church located at 12905 - 122 Avenue, Edmonton.

### "ALMOST NEW"

The "Almost New" shop will be open at the Senior Citizens Centre on Saturday, March 26 from 1-4 p.m. Cards will be played on Tuesday, March 29 at 1:30 p.m. and the next Kinsmen Bingo will be held on Tuesday, April 5.

### OPEN HOUSE & TEA

Saint Mary's Salesian School, 5252 - 137 Avenue - Annual Open House and Tea, Sunday, April 24, 2-5

Got the blues?  
Take a walk!

WALK A BLOCK TODAY

p.m. at the school. The Mama Margaret Guild continues to sponsor this annual tea and open house where the gentlemen pour, the Advisory Board members receive the guests, and the ladies serve. Proceeds for the benefit of the school.

### EXPECTANT PARENT CLASSES

A series of six regular expectant parent classes and one review class is running at the Sturgeon Health Unit from 7-9 p.m. on Monday evenings. Enrollment is limited to 10 couples. Cost \$3 per couple to defray cost of refreshments. Phone 459-6671 for further information and enrollment.

These classes help to prepare couples through participation in group discussion for parenthood. Fathers are encouraged to attend classes with their wives so they may fully share in the birth experience by coaching her in the relaxation and breathing exercises and by understanding the changes that occur during pregnancy. In addition, an introductory session on the importance of adequate nutrition is offered to the mother as soon as possible in her pregnancy.

# SPORTS

## St. Albert Comets advance to Northern 'B' final

St. Albert Comets travelled to Drayton Valley Saturday night for the second game of the two-game total goal provincial intermediate "B" playoff series and came away with a well deserved 4-1 win over the Rebels.

The win gave St. Albert the series by a 9 to 5 edge as a result of winning the first game in St. Albert 5-4 last Sunday. The loss eliminates the Rebels from further competition and gives St. Albert the Zone 2 title and the right to advance into the Northern Alberta final against Irma Aces who defeated Edmonton Speedy's 5-4 and 6-4 to win the Zone 3 title.

Irma lost their opening series against Fort Saskatchewan Huskies by 7-4 and 7-5 scores.

Irma plays in the Battle River Hockey League with teams from Hardisty, Daysland, Sedgewick and Killam. The Aces finished in fourth in the overall league standings but came on strong in the playoffs to defeat Hardisty Stampede in four straight games in a best of seven final to win the league championship.

Irma has the choice of where the first game of the two-game total point series will be played. The first game will be played in Irma tonight at 8:30 p.m., with the second game going in St. Albert Sunday, March 27 at 8 p.m.

The winner of this series will play the winners of the Zone 4 and 5 series which has teams from Drumheller, Lacombe, Stettler, Camrose in the fourth while Zone 5 has clubs from Okotoks, Bentley, Calgary and Olds competing.

In the Rebel series the Comets had their problems in the opening game when they eked out a 5-4 win. But it was no contest in Drayton Valley Saturday night as the Comets won handily. The win gave St. Albert a two-game total goal series of 9-5.

The first period was scoreless as both goaltender's came up with some excellent saves. Doug (The Bird) Currie put St. Albert on the scoreboard with only 23 seconds gone in the second period, with Bob Beaulieu and goaltender Dale Henwood assisting on the play.

Rebels got that one back at 17:24 on a goal by Bill Stevenson with assists going to Reg Probst and Lance Schutt.

Comets owned the final 20 minutes of play as they scored three unanswered goals. Bob Foote, Brian Georgy and Danny Towpich scored in that order and gave the Comets a 4-1 win and the right to advance in the playoffs. Drayton Valley were shorthanded again, as they were able to dress only 12 players including two goaltenders. Their big scorer, John Koyczan who had three goals in the first game did not dress because of injuries and it showed on the scoreboard. Comets outshot the Rebels 39 to 22 and each club took five penalties each.

### CLUB IN LEAGUE FINALS ALSO

In Alberta Intermediate

Hockey League playoff action, St. Albert advanced to the league final with a 4-3 win over Camrose Maroons last Thursday in Camrose. Comets won the best of five series three games to one.

St. Albert will now have at least a week layoff before the league finals will start as Sherwood Park Barons and

Edmonton Bruins have just completed their quarter final series.

The Barons won their best of five series with Enoch Tomahawks while the Bruins eliminated Stony Plain in their series.

Comets win over the Rebels in Drayton Valley could prove to be costly as high scoring Perry Pearn

suffered a pulled groin muscle and may not play anymore this season.

The Comets banquet and awards night will take place at the Club Mocombo Saturday, April 2 starting at 6 p.m. Tickets can be purchased at the St. Albert Sportshop, Hutching's Shoes or by calling Claude Contant at 459-8651.

## St. Albert K of C Sabres victorious, win league championship

The St. Albert K of C Sabres Bantam hockey club won the Central Alberta League Championship on Monday night in St. Albert. They took all the marbles with a total team effort, defeating the Red Deer Moose Chiefs in three straight games.

Red Deer took the lead in the first period, but right-winger Ken Myck scored at the two minute mark to tie the game 1-1, with Sonny Gramlich gaining an assist. Brad Scott put St. Albert in the lead at 16 minutes when he scored on passes from Troy Murray and Gary Kunz.

Early in the third period, Ken Myck notched up his second goal of the night when he scored unassisted. Red Deer narrowed the gap to one goal shortly after, but two minutes later Brad Scott scored, assisted by Troy

Murray. Red Deer, under pressure, answered with another goal to keep within one. Gary Kunz tapped in a Brad Scott rebound at the nine minute mark, giving the Sabres a two goal lead. Dennis Sabourin had an assist on the play.

With 10 minutes left in the game, Troy Murray was given a five minute slashing penalty plus a two minute minor and an automatic misconduct. With the Sabres shorthanded for seven minutes, Coaches Chabot and Neesor switched players often, and thanks to this and outstanding goaltending by Ben Chabot, they kept the Chiefs off the scoresheet. Although the Chiefs pulled their goalie, they couldn't break the Sabres' lead by the end of the game. The Sabres outshot the Chiefs 44-39,

while St. Albert took 25 minutes in penalties to Red Deer's six minutes.

League Commissioner Al McGill presented Captain Troy Murray with the league championship trophy, and all received individual trophies. Mr. McGill commented that the league had been very competitive this year and that it was very fitting that it should end with two very fine teams in a closely contested hockey game.

Congratulations are extended to all the boys, coaches Maurice Chabot and Craig Neesor, managers Glenn Murray and Richard Scott for a job well done.

The Sabres will now go to Red Deer this weekend for the Provincial championships which they qualified for by winning their zone against the Leduc Blades recently.

Troy Murray, captain of the St. Albert K of C Sabres Bantam hockey team accepts the league trophy and congratulations from League Commissioner Al McGill, following the Sabres 5-3 victory over the Red Deer Moose Chiefs. The Sabres took the best of five series three straight.

The Sabres scored three goals in the third period including this one by Brad Scott. Brad was assisted on the play by Troy Murray.

ST. ALBERT & STURGEON GAZETTE, WEDNESDAY, MARCH 23, 1977 - 25

## Kinsmen Minor Hockey Playoffs Saturday

The St. Albert Kinsmen Minor Hockey regular season schedule has now been completed and the championship games in all divisions will be played this Saturday, March 26 in the St. Albert District Arena.

The Shaver "A" and "B" championship games were held Sunday and the results appear elsewhere on the sports pages.

### MITA A

St. Albert Fire Chiefs and Sherwood Park Red Roosters will meet in the final which is scheduled for 8:30 a.m. Sunday. Fire Chiefs were defeated in round robin play with seven straight wins. Red Roosters lost only one game, to the Chiefs and finished with a six and one record. David Findlay of the Red Roosters was the division top scorer with 23 goals and 5 assists for 28 points. The Fire Chiefs won the goaltender's award, allowing only 10 goals in seven games.

### MITA B

Morinville and Graham Realty Wafers will meet in the final which is slated to start at 6:30 a.m. Saturday morning. Morinville went undefeated in eight round-robin games while the Wafers lost only once. Jay Enright of Morinville won the scoring crown with 19 goals and 8 assists for 27 points. Morinville also allowed the least number of goals against as they were beaten for only four goals.

### PEEWEE A

Sturgeon Sod Busters and St. Albert Glass and Mirror Smashers will meet in the final which will go 12:30 p.m. Sod Busters finished in top spot in the round-robin with a record of 6 wins and 1 tie in seven starts while the Smashers were also undefeated but tied 2 and had to settle for second place. Robin MacDougall of Willowbrook Saints was the league's top scorer with 12 goals and 4 assists and 16 points. Mike Wilkms of the Sod Busters was the top goaltender.

### PEEWEE B

Morinville and Cox Plumbing Pipers will play the final game at 10:30 a.m. Saturday morning. Morinville lost only once in eight starts to end up in first place while the Pipers also lost only one game but tied one. Kelly Page was the league's top pointgetter with 15 goals and 4 assists and 19 points as a member of Melton Real Estate Leaders. Brent Skjersven from Morinville was the least scored upon goaltender as he allowed only 8 goals in as many games.

### BANTAMA

Hutching Shoe Sails and St. Albert Innkeepers will be the finalists in this division with the final game set for 5:30 p.m. Saturday afternoon. Sails were undefeated in five round-robin games while the Innkeepers won 3 lost 1 and tied 1. R. Oleson of the Sails was the top scorer with 11 goals and 9 assists for 20 points. Hutchings also allowed the fewest goals with 5 against them.

### BANTAM B

Canada West Maple Leafs and St. Albert Community League Hawks will meet in this division final at 2:30 p.m. Saturday afternoon. Leafs had a round-robin record of 3 wins and a tie while the Hawks lost twice in five starts. B. McKeague won the scoring title on 7 goals and 3 assists for 10 points. Morinville's representative in the league was disqualified for using some of their "A" players in league games which is against the rules.

### MIDGET

This division has the popular Big Iron Tournament to decide its league champion and some of the playoff games have now been played with the results appearing elsewhere on the sports pages. Photo Ident Passports and Sturgeon Meat Merchants will meet in the final which will be played this Saturday or Sunday. The exact date and time was not known when the paper went to press.

## Generals bombed in playoff opener

Barrhead Jr. Elks took a one-game lead in the best of seven west division finals with St. Albert Sunday afternoon in Barrhead as they bombed the Generals 8-0.

The second game was played in St. Albert last night but no game results were known at press time.

The remainder of the series will shift from Barrhead to St. Albert after each game. The third game will be in Barrhead Thursday night while the fourth game will be

in St. Albert Saturday night. The remainder of the series will be in Barrhead Sunday, St. Albert on Tuesday and the final game (if it goes that far) back in Barrhead next Thursday.

The winner of this series will advance to the league final which will no doubt be Lloydminster as they lead their series with Wainwright three games to none.

Barrhead wasted little time Sunday afternoon as Warren Hamilton scored with only 11 seconds gone in

the first period. Brad Schmidt made it 2-0 at 3:12 and Stan Lubchynski gave Barrhead a 3-0 lead at 6:15. Mike Jackson rounded out the scoring in the opening period with a goal at 15:40. General Coach John Ewen made a goaltending change as he took out Norbert Scholz and replaced him with Ralph Chambers.

The move didn't make any difference to Barrhead as they scored four more, adding two in the second and two more in the third. Rick

Deschenay and Lubchynski scored in the second and Danny McLellan and Schmidt added third period

goals. Barrhead outshot St. Albert 33 to 21 while St. Albert

took three of the four penalties called by referee Doug McAvoy.

## Final registration for baseball season

The St. Albert Minor League Baseball Association will be holding their final day of registration on March 26, 1977.

Registrations will be accepted at Sir George Simpson School or the Grandin Shoppers Mall between 10 a.m.

and 1 p.m. A requirement also exists within the Association for umpires and coaches in all

divisions and applications for these positions are contained on the bottom portion of each registration form.

## Big Iron tournament final

The popular Big Iron Tournament for midget house league teams got underway Saturday with a total of 11 games being played in the double knock-out event. Seven of the eight teams took part with Morin-

ville dropping out after the schedule was made up and it caused considerable difficulty in rescheduling.

All teams started out the tournament in "A" event and after one loss you dropped into "B" event.

The opening game saw Gazette Grizzleys score a 9-7 win over Sturgeon Meat Merchants with Colin Tooth scoring three times to lead the Grizzleys. C. Bedard and M. McLachlin added a pair for the winners while J. Sawchuk and M. Harris had

a pair each for the Merchants.

D.C.O. Flames scored a close 5-4 win over Red Onion Rebels with Bob Crawford scoring a pair to lead the way. D. Lacroix scored three times for the Rebels.

Photo Ident Passports hammered Bermont Broncos 13-1 with Shawn Gannon scoring four times to lead the way.

Photo Ident then defeated Weber Bros. Canadians by a 4-3 score as play in the "A" event first round action was completed.

Gazette Grizzley's, D.C.O. Flames and Photo Ident Passports remained in "A" play while Sturgeon Meat Merchants, Red Onion Rebels, Bermont Broncos and Weber Bros. Canadians dropped into "B" event.

In "A" action D.C.O.

Flames scored a 4-2 win over the Grizzleys with D. Bird and B. Hyslop scoring twice each. D.C.O. Flames then advanced to the "A" final and lost a 6-2 game to Photo Ident. Perry Smith, Shawn Gannon and Allan Sinclair scored a pair each for the Passports.

Passports went through the "A" event undefeated with three straight wins. Gazette Grizzleys and D.C.O. Flames dropped into "B".

In "B" division Sturgeon Meat Merchants knocked Red Onion Rebels out of the tournament with a 9-7 win after trailing 6-0 early in the second period. G. Tellier led the Merchants with three goals while J. Sawchuk, D. Neveu and K. Middleton added a pair each. Zorniak had three goals for the

Rebels.

Weber Bros. scored a close 8-7 win over Bermont Broncos and dropped the Broncos from further play. Wade Katzarzyk led the winners with four goals.

Sturgeon Meats then eliminated Weber Bros. with a 11-2 win as M. Harris scored four goals and K. Middleton added three more. Sturgeon Meats next opponent was the Gazette Grizzleys and Sturgeon came out on top of a 4-2 score. The loss eliminated the Grizzleys.

The final of "B" event was now between Sturgeon Meat Merchants and D.C.O. Flames who received a bye. Merchants scored a 4-2 win and advanced into the final with Photo Ident Passports which will be played Sunday March 27 at 10 a.m. and if a second game is needed it will be played at 12 noon.

## St. Albert Peewee Smashers win tournament

St. Albert Glass and Mirror Smashers combined superb teamwork with good sportsmanship to win the Athabasca Peewee 'A' hockey tournament. Teams from Redwater, Lac La Biche, Athabasca and St. Albert participated in the March 20 event.

Led by the scoring of Emmanuel Viveiros and Tim Sebastian, the Smashers defeated Redwater 7 to 3 to advance to the final game against Lac La Biche, winning 6 to 3. Athabasca defeated Redwater 5 to 1 to win the 'B' event.

Congratulations to Paul

Burgess, Brian Chai, Duane Harris, Scott Heine, John Lenz, Melvin Lyenko, Roger Moore, Adrien Proulx, Tony Rouault, Tim Sebastian, Grant Van Halst, Emmanuel Viveiros, Morgan Welch, Cameron White, Michael Willier and coaches, Barry Burgess and John Sebastian.

# Nu-West Canadians bow out in Provincials

The Nu-West Canadians favoured by many knowledgeable hockey people to win the Provincial Pee-wee A hockey finals held in Medicine Hat last weekend failed to put it all together and returned to St. Albert the way they left, winners of the

Zone #3 championship. After defeating Spruce Grove, Hinton and Leduc to reach the finals, the team which has been running hot and cold since returning from Quebec City ran into two formidable opponents in teams from Taber and Med-

icine Hat who put it all together at their expense.

Coming off an 8-2 defeat at the hands of a fired up Taber squad who had the puck bouncing for them throughout the game, Nu-West were heavily favoured to win against their Medicine Hat hosts; however, after leading 2-0 early in the game, they nevertheless wound up the victims and dropped the contest by a score of 8-6. This was one of the few occasions the Canadians lost successive games throughout the year.

John Holden and Mitch Poulin were the St. Albert marksmen in the first game against Taber. In the second contest in which Nu-West dominated and outshot their rivals 31-25, Mitch Poulin led the way with four counters while singles went to Dean Clark and John Holden.

Sherwood Park Loadstars who eventually wound up winning the Provincial championship and the St. Albert Nu-West Canadians have been arch rivals all season in the North Central Alberta Pee-wee League and could find themselves meeting each other in league playoff finals. The teams have battled each other for three ties and a win apiece during league play. Nu-West must defeat Sherwood Park Dairy Queen Tuesday evening to advance to the finals.

## NU-WEST RETURN WITH BIG WIN

The Nu-West Canadian Pee-wee BB squad returned from Sherwood Park last Thursday evening with a clutch win against an outplayed Dairy Queen team who succumbed to constant pressure and tenacious checking in a contest which saw them go down to defeat by a score of 4-1.

This win enabled Nu-West to tie the best of three semi-final series at one game apiece. The Park previously defeated St. Albert 5-2 at a game played in Calahoo on March 2.

After a hotly contested and scoreless first period, Scotty

Bergdahl opened the scoring for Dairy Queen early in the second frame, however, Nu-West evened it up as Billy Shaughnessy banged in a counter from Ashley Sage and Brad Burns.

Miles (Tack) Spencer who was prominent and played a standout game for the Canadians was credited with Nu-West's go-ahead goal at the 1:47 mark of the third period, however, the marker was eventually credited to Mitch Poulin who was the actual scorer and kept his goal scoring streak intact. A picture goal by Blaine Weller assisted by Danny Laplante gave the Canadians a comfortable two lead and Dean

Clark capped off the scoring with some adroit stick-handling, a rink long dash and a beautiful finishing shot to beat Darren Turner who was guarding the net for Sherwood Park. Clark who has been playing defense of late looks right at home in that position and his composure and take-charge play appears to make him a natural on the blueline.

Albert Huot was between the pipes for the Canadians and turned back two Park breakaways while stopping 24 shots.

These two teams meet in Calahoo on March 22 for the final game of this hard fought series.

## THANK YOU

We wish to thank all the wonderful people of Forest Lawn, St. Albert area, the Bruins Hockey Team and Bob Arnold, our favourite morning man on CJCA who helped us over the weekend to look for our lost poodle. He was found alive and well.

THANK YOU  
MARGARET & MIKE McCORMICK

9 C. McCauley  
11 C. Greening  
5 T. Winquist  
8 G. Tellier

Money never bought happiness and credit cards aren't doing much better.

A loafer is a person who is trying to make both weekends meet.

## Boxing Club stages tourney here Friday

The St. Albert Boys Boxing Club held a boxing tournament at Father Jan School on Friday night, and their manager is very happy with their performance. Manager Del Larsen stated that "This was the first fight for the majority of the boys, and I couldn't be more pleased or proud of them."

The St. Albert boys had some wins and some losses. Neil Kathol and Peter Richmond both won by second round TKO's, while John Green, Kevin Bellavance and Hugh McAnely lost on controversial split decisions. Grant Arnason won a narrow points victory over James Lloyd.

In the feature main event, a five-round bout between Gary Larsen and Guy Boutin, Larsen lost a narrow points victory to Boutin. Hugh McAnely won the Best Sportsman trophy, while Peter Richmond took the trophy for Best Left Hand.

Manager Larsen reports that rematches will be made in several fights as soon as possible.

### HEAVY DUTY MECHANIC

Two H.D. Mechanics urgently required. Must have related experience in maintenance and repair of earth moving equipment. Gas and Diesel Engines, Compressors, pumps, etc.

## Trophies presented to Shaver winners

Playoff games in the Shaver division were played on March 20.

In Shaver B action the

Canucks defeated Boston Pizza by a score of 2-1. Shaver A results saw Bruins take the championship by

winning over the Lions Breakfast Club Lions 4-2.

Championship trophies were presented to the Canucks and the Bruins after

their wins, along with individual badges for all players.

Boston Pizza and Lions players were presented with finalists badges.

The following individual trophies were presented after the games:

Shaver B - Top scorer Patrick Byrne (Boston Pizza); Top Goalie - Darren Hogan (Canucks).

Shaver A - Top Scorer - Mathew Pesklewis (Bruins); Top Goalie - Todd Shaw (Lions).

## Oilers playoff a little brighter

Things are beginning to look a little brighter for the Oilers getting the fourth and last playoff position in the west division of the WHA.

A week ago Oilers were tied in points with the Calgary Cowboys at 61 each, although the Cowboys had four games in hand. Cowboys now have only one game in hand and still have 61 points as they have dropped their last three games on the road and have not won in their last seven games away from home.

Oilers have had the past few days off and the rest should do them some good as they go into the last nine games of the schedule.

Edmonton will be away from home this week for a four-game road trip with games in Winnipeg on Tuesday, Thursday in New England, Friday in Cincinnati and back in New England on Sunday. Their next home stand will be against Houston on Wednesday, March 30, Calgary on the 1st of April and then in Calgary for a return bout on Saturday, April 2. The remaining two

games of the schedule will also be at home on Monday, April 4 against Winnipeg and Wednesday, April 6 against Birmingham.

Calgary has 10 games remaining with an equal number at home and on the road. The away games will be in Birmingham, San Diego, Houston, Edmonton and Winnipeg. Home games will be with Phoenix (2), Edmonton, Birmingham and Winnipeg.

The most important games of all for both teams will be the two against each other and the results of those games will no doubt determine who will make the playoffs. Both teams have poor road records and a few wins away from home for either team would help very much.

Winnipeg	72	41	29	2	328	257	84
San Diego	72	34	34	4	262	257	74
Calgary	71	38	38	5	271	251	61
Edmonton	72	29	49	3	284	271	61
Phoenix	72	27	47	4	253	343	58

# Basketball team has fine season

By Mike Worthmann  
St. Albert High's boys basketball team piled up an impressive record this year, with 21 wins, one tie and six losses:  
Out of five tournaments

attended they won four - at St. Paul, Paul Kane, St. Albert High and Drayton Valley, and finished third at the Grant MacEwan tournament.  
The team finished first in

the Conference, beating out Stony Plain in the final. Coach Dan Chugg has put in many hours with the team this season and it certainly paid off.

The boys lost a heart-breaker in the zone playoffs, losing to Archbishop Jordan in the final game by a 74-50 score.

Randy Gusikoski was high score this year with 492 points. The team point record was 1597 for and 1213 against.

The St. Albert High School basketball team, with trophies indicative of their fine showing this year. Standing are Kevin Pietrzak (manager-trainer) at left, Grant Young, Dean Roy (assistant captain), Darrell Bokenfohr, Randy Gusikoski (captain), Keith Reeves, Brad Frank, Mike Worthmann and Coach Dan Chugg. Kneeling are Rod Zielinski, Kevin King, Marty Scheibelhofer, Pat Cassidy and Don MacDougall.

## 800 boys and girls expected in soccer and fastball programs

Registrations for the Hercules Sports Association's soccer and fastball programs are in the final stages and approximately 800 children will be involved in the programs this year.

Soccer, which has become the fastest growing sport in North America according to the Association, should have 500 boys and 100 girls involved in the 5 - 15 age group, organized into 45 teams. Gerry McKenna will direct the program.

The soccer program will

have three representative teams this season, one mite, one pee-wee and one bantam, in the Edmonton Northwest Zone.

It is expected 200 girls, ranging from 8 - 16 years will be involved in fastball, with 16 teams planned, under the direction of Mike Rosseker.

The Hercules Association will have to come up with about 100 people to serve as volunteer coaches or assistant coaches, and hope that interested parents will not only get their children involved in good outdoor exercise, but also lend a hand with the program.

All adults or young people who would be interested to help out with either the fastball or soccer programs would be welcomed with open arms.

The last date for registration is Thursday, March 24 at the Grandin Clubhouse from 6:30 until 9 p.m.

1977 executive members of the Hercules Sports Association are: President - Don Merrell; Vice-Pres. - Frank Vettergreen; Secretary - Pat Kaye; Treasurer - Joe Behiels; Director of Soccer - Gerry McKenna; Director of Fastball - Mike Rosseker; Equipment Manager - Marshall Franchuk; Soccer Rep. Teams - Herman Kochan; Directors at Large - Peter Hancock, Chiyoko May and Bob Kaye.

# Sabres two up in Red Deer in league finals

The St. Albert K of C Bantam Sabres played two games last week in their league championship finals against Red Deer Moose Chiefs, and emerged triumphant in both.

On Thursday night the Sabres edged the Chiefs by a 6-5 score. Sonny Gramlich opened the scoring at the 22 second mark with assists from Brad Scott and Troy Murray. Red Deer's Ken Metche tied the game up at the five minute mark when he got one by Sabres' goalie

Ben Chabot, and then the Chiefs took the lead after a goal by Dean Hallet.

The Sabres came back fighting in the second period, however, slamming in three goals in two minutes. Brad Scott tied the game at 22 seconds, on assists from Ross McRae and Troy Murray. Troy Murray picked up the lead when he scored on a rebounding shot by Scott Holliday. At the two minute mark, Keith Heyburn scored from Ken Myck and Dave Muskens to make it 4-2

for the Sabres. Red Deer scored on a power play 16 minutes into the period. Minutes later, Ken Myck scored two goals in a row, putting the Sabres ahead 6-3. Sonny Gramlich assisted on both goals, while Cameron Swist and Brad Scott had single assists.

The Chiefs brought the score to 6-4 in the third period, and then took advantage of a Sabre penalty to score a power play goal. However, despite Red Deer's move to pull their goalie, the

Sabres held their goal lead at the end of the game. The St. Albert team outshot the Red Deer boys 49-32, and took six minor penalties to Red Deer's four.

## ST. ALBERT AT RED DEER

The Sabres squeezed the Chiefs to a 7-5 victory on Sunday in a game at Red Deer. Troy Murray and Brad Scott led the Sabre attack with two goals apiece, with singles going to Ross McRae, Ken Myck and Gary Kunz.

Troy Murray, playing his regular line as well as power play duties, gained three assists, and Brad Scott gained two. Shane Antoniuk had a single assist. Sonny Gramlich had two and goalie Ben Chabot gained an assist on Troy Murray's winning goal. Chabot took over the goaltending duties following the first period.

Red Deer outshot the Sabres 46-35 during the game. The Sabres were to make their bid to win the

championship Monday night in St. Albert.

The Sabres first game in the provincial finals for the bantam championship is Friday, March 25 in Red Deer. Times for the tournament are as follows: Friday, March 25 - 6 p.m. and 8:30 p.m., Saturday, March 26 - 7 a.m. and 9:30 a.m. and 12:30 and 5:30 p.m. Sunday, March 27 will be the semi-finals and St. Albert will play at noon and at 4:30 p.m. if necessary.

# Sturgeon Gazette

## Construction begins on industrial park in MD Sturgeon

Installation of underground services has commenced on Western Canada's largest industrial park, located just north of Fort Saskatchewan on four sections of land in the Municipal District of Sturgeon.

Sturgeon Industrial Estate will provide the lowest cost fully-serviced industrial land in the Edmonton metropolitan area. Two-to-three acre sites are priced from \$32,000 to \$35,000 an acre. A 40-acre site, fully serviced, can be purchased for approximately \$20,000 an acre, depending upon the size and shape and its proximity to the entranceway.

Mr. John Wilson of Hilldale Developments Ltd. gave the Gazette examples of an area within the city of Edmonton in the west end, where fully serviced land is going at \$100,000 plus per acre, and a site in Strathcona county going at \$65,000 to \$70,000 per acre.

"When we say Sturgeon Industrial Estate is fully serviced, we mean this in its truest intent," said Glen Lavold, president of Hilldale Developments, managers of the Estate. Each site will have water, both domestic and fire capabilities, sanitary sewers, storm drainage by an open ditch system, paved streets, natural gas, power, telephone and CNR rail to some sites, Mr. Lavold said.

The site is entirely industrial, with no residential component.

Road access will be via highways 15 and 55 and secondary road 825, which is to be upgraded for 110,000 pounds. Work on 825 is to get started this summer. Plans for #825 in the transportation study done by Fort Saskatchewan are to make it a major two-lane highway which will cross the river downstream from the Fort; a project that could be 10 years from completion, said Mr. Wilson.

In addition to the cost factor and the services, Sturgeon Industrial Estate offers an ideal location, being next to the fast growing petrochemical area and just a few miles from Edmonton.

Given the economy of the Fort Saskatchewan, Edmonton and Fort McMurray

areas, and the proposed Mackenzie Valley pipeline, the developers are confident the site has all the necessary factors for a highly successful industrial park.

Purchase is presently going through for a site for a multi-tenancy warehouse facility, plans for which will require the approval of Hillsdale. There is a requirement that a company must build within two years of purchasing Estate property.

The warehouse development will use a one acre site, but sites up to 100 acres or more can be made available for large, heavier industry. Underground servicing schedule for stage one (the first quarter section of land in the park) should see completion within two months. Mr. Wilson said, and after that work will proceed above ground on roads, landscaping, power, gas and telephone, all of which should be completed by August.

The Department of Environment has given final approval and Mr. Lavold said, and all pre-construction problems have been cleared away.

The Edmonton Police Pipe Band piped both teams onto the ice, as well as giving in-between period entertainment, on Sunday afternoon, when the Gibbons Indians met the Edmonton Eskimos. During the final intermission, the Pipe Band led the Carnival Queen and the other queen contestants to centre ice for the closing ceremonies of another successful Snowball Carnival.

## MD Council concerned about equalized assessment increase

The Municipal District of Sturgeon council has launched an appeal to the provincial Equalized Assessment Appeal Board to determine why the equalized assessment on non-agricultural land in the MD this year is so much higher than the actual assessment.

The equalized assessment has increased by approximately \$8 million over last year. Meanwhile the actual assessment of non-agricultural land in the MD has remained at about four per cent of market value, considerably less than the equalized value.

Council members also expressed their concern about the discrepancies between equalized assessments

in the MD of Sturgeon and other municipalities. In one district council found that the equalized assessment was equal to one-third of the actual assessment.

Meeting with council at its monthly meeting two weeks ago, MD assessors suggested that non-agricultural land be reassessed and brought up to 18 per cent of market value. It is mandatory that municipal districts hold a general assessment every 10 years, which would mean that the MD of Sturgeon is due for one next year.

Council members were concerned that if a general assessment were held this year, (a) the land would then have an inflated value, and (b) should a new manual be

released by the government in 1978, their efforts would prove pointless.

Council's appeal to the Equalized Assessment Board requests information on how the equalized assessment formula works and how that assessment might be reduced in this MD. If nothing comes of the appeal, the result will be an increase in the mill rate should this year's revenue not be able to cover most of the costs perpetrated by the increase in the equalized assessment.

Council also desires to organize a meeting with the Minister of Municipal Affairs to find out if and when a new assessment manual will be released.

## Large crowd enjoyed Snowball Carnival in Gibbons - Horst Schmid attends

Snowball was a big success again this year with a grand turnout of people for the queen pageant, car rally, pancake breakfast and other events. Here is a recap of what happened over the weekend.

The four queen contestants and their escorts attended a tea before the pageant, on Thursday evening, so they could meet the judges who would decide who would be the queen this year.

The Hon. Horst Schmid, minister of Government Services and Culture, was assisted in the judging by Mr. Jack Fleming, director of Municipal Advisory Affairs, Larry Kirkpatrick, superintendent of Sturgeon Regional Recreation, Blaine Usenik, Daon Corporation representative. After a delicious lunch, served by the Sunday School Circle, the girls circulated in order that each one could spend some time with each judge.

Contestants were Laurel Melenchuk (Ag. Society representative), Donna Osborne (Hall Board), Kathy McLellan (Legion) and Brenda Ferchoff (Lions).

From the tea the queen contestants along with their escorts, judges and representatives from each of the

clubs being Dorothy Houston for the Hall Board, Earl Toane for the Lions, Norman Riggert for the Legion and myself for the Ag. Society went to the Hall where the pageant was to follow. Eric Abel was the MD and did a fine job. Mrs. Ann Van Noord the deputy mayor brought greetings from town council with Mayor Reg Austin's apologies for not being able to attend. The pageant was very entertaining with local talent. I think what was one of the cutest acts was June Agars 'Hop Scotch Polka dancers. The kids were ages three to five and what a show they put on.

Shawna Gibbons was singing in the microphone and dancing at the same time. Irene Gibbons was in the middle of the stage dancing her little heart out. Adrian Gibbons, Rebecca Roe, Andrea and Angie were also putting on a show of all shows. The kids were very calm facing the crowd of people.

A very special presentation was made to Mrs. Sheila Crosbie and Mrs. Cathy Shaw who received the senior citizens of the year award. Both ladies who have been very active in the community received silver

serving trays and a corsage. A standing ovation followed the presentation. Mrs. Cathy Shaw won the rural award and Mrs. Sheila Crosbie won the village award.

### LAUREL CROWNED SNOWBALL QUEEN

The queen contestants each took a turn giving a five minute speech in front of the judges and audience. Each girl did an excellent job considering how nervous they all were. The Gibbons Glee Club were on the stage at the end for the queen crowning. The stage was dark except for two candleabras which made quite an effect. Kathy McLellan was first runner-up and Laurel Melenchuk was crowned our carnival queen for this year. Rhonda Smith last year's snowball queen was there to crown Laurel. Rhonda was congratulated for being such a wonderful queen. After the pageant a wine and cheese party followed for the queen and contestants escorts, representatives, judges and parents of the girls who looked just as tired as the girls themselves. A special thank you was extended to Maisie Metrunec for all her hard work to make the pageant a success.

LAUREL MELENCHUK SNOWBALL QUEEN 1977

Friday night was the bingo game which also had a good size crowd despite the fact that the Seniors were playing also. Mrs. Emily Oliver won the \$50 jackpot on the 10th game and Mrs. Gerry Rocque and Mrs. Sirotski won the \$300 jackpot on the last game.

### PANCAKE BREAKFAST PRECEDES CAR RALLY

The next morning bright and early was the pancake breakfast with a good size crowd again in attendance. This was where the queens and runners-up received

their gifts.

Queen Laurel Melenchuk received a four piece set of luggage, a gold watch, makeup from Nutremetics lady, Mrs. Christiansen, makeup from Fuller Brush's lady Jean Archer, and jewellery from Sarah Coventry's lady Mrs. Crockett.

First runner-up Kathy McLellan received a two piece set of luggage, nutremetic makeup, Fuller Brush makeup and a silver watch.

Brenda Ferchoff and Donna Osborne received silver watches, nutremetic and Fuller Brush makeup.

### 22 REGISTER FOR CAR RALLY

The car rally followed immediately after the breakfast. There were 22 cars registered. Winners are: 1st - Steve Christiansen and Tom Crawford; 2nd - Clay Osborne and Fred Hutchings; 3rd - Paul Montpellier and Tom Hogg.

All three cars were awarded trophies with the first car receiving from W. J. Franc and Associates an annual trophy which will be on display at the arena with their names engraved on it.

Beer gardens and a minor hockey tournament went all day Saturday at the arena.

Saturday night was the Snowball dance. For supporting the queens by buying their tickets Jack Hogg won \$100. The \$50 prize went to Mrs. Ann Melenchuk, Laurel's grandmother, and the \$25 prize went to M. Shannon.

The next morning, Sunday there was broomball with no results in as yet. The afternoon had an exciting hockey game between the Edmonton Eskimos and the Gibbons Indians. The Edmonton Police Pipe Band played both teams on to the ice and entertained the people in the stands in between periods. The score was 4-3 for the Gibbons Indians. Plaques of appreciation were presented to the Police Band and the Edmonton Eskimos by our Queen, Laurel Melenchuk. Special thanks to the announcer for the game who was our very own Ched man, C. R. Nichols who lives in Gibbons.

The bean supper following was well attended by the community, the Edmonton Eskimos and families and the 1975 Miss Canada, Terry Meyers. All in all it was a very successful weekend and a thank you is extended to the community for all the wonderful support at all the events.

## In touch with Parliament

From Peter Elzings, MP  
Pembina

**FACT SHEET ON THE RIGHT TO VOTE IN FEDERAL AND PROVINCIAL ELECTIONS (NOT TO BE CONFUSED WITH CITIZENSHIP)**

### CITIZENSHIP

-under the previous Citizenship Act, everybody had to wait five years to receive Citizenship. This included British subjects.

-under the new Citizenship Act, (just proclaimed on February 15, 1977) everybody has to wait three years to receive Citizenship. This also includes British subjects.

### THE CANADIAN ELECTIONS ACT

-under the Canadian Elections Act prior to the amendment of 1970, the people who could vote in a Federal election were classified as "Canadian citizens or other British subjects."

-the amendment gave the right to vote in a Federal election to Canadian citizens (only) after the date of June 26, 1975. THIS IS THE ACT

**THAT AFFECTS THE VOTING RIGHTS OF BRITISH SUBJECTS IN A FEDERAL ELECTION ONLY.**

**THE PROVINCIAL POSITIONS**

-the only provinces that

have amended their own elections acts to read only Canadian citizens are Quebec and Prince Edward

Island. No other provinces have (as of yet) amended their elections acts and they still read "Canadian citizens and other British subjects."

Therefore, British subjects living in the other eight provinces may still vote in their own Provincial elections.

## Sturgeon Recreational Report

### SOCCER CLINIC

A clinic will be held April 15, 16, 17 at Gibbons School gymnasium. It will be co-sponsored by Alberta Soccer Association and Sturgeon Regional Recreation Department. Registration will be Friday, April 15, 1977 at 8 p.m. Candidates will receive 16 hours of instruction. This will entitle them for the "Basic Provincial Award," Coaching Certificate. For information call 939-4317, Jim Newman.

### ADULT SWIMMING LESSONS SESSION 11

This session will run from April 6 - June 8 from 9 p.m. - 10 p.m. at O'Leary Pool, 8804 - 132 Avenue. Participants must provide own transportation. To pre-register phone 939-4317, Sturgeon Regional Recreation Department.

### CANOE CONSTRUCTION COURSE

A canoe building course

will be held in early May at Morinville. There is an opening for only 10 people in

this course. The course will run 50 hours. At the end completion of the 50 hours

you will have constructed your own 16 foot fibreglass canoe. For registration phone 939-4317.

## MD Council Briefs

### MD RAISES FEE TO USE REFUSE GROUNDS

Municipal District of Sturgeon councillors have decided to raise the fee other municipal districts pay to use the Cardiff Refuse Grounds. The fee has been increased from 50 cents per capita to \$1.00 per capita to help counter the cost of operating the grounds.

The Village of Bon Accord has agreed, at the request of the MD of Sturgeon Council, to be completely responsible for a surface drainage ditch leading a couple of miles north of the village.

The village had earlier told

developers of the ditch that they should deal directly with the municipal district council. Council members felt that they would rather deal directly with the village than through the developers.

### GIBBONS WATERLINE AGREEMENT UNDER NEGOTIATION

Now that the construction of the village of Gibbons waterline is completed, MD of Sturgeon councillors are attempting to work out an operational agreement with the village.

The two possibilities presented by council to the village are (a) that the MD of

Sturgeon owns 10 percent of the waterline and therefore is entitled to utilize 10 percent of the water, and (b) that the village of Gibbons has complete ownership of the line but guarantees a supply of water to the adjoining MD residents. The latter possibility would allow MD ratepayers to buy back water which the MD sells to the village.

Council agreed that it was "not out to make or lose money" in the operational agreement.

The exact cost of the construction of the Gibbons waterline is expected to be provided to council by July.

### MINOR BASEBALL MEETING

The Sturgeon Minor Baseball League annual meeting will be held April 6, 1977 at 7:30 p.m. at Sturgeon Regional Recreation office in Morinville.

*to the Editor*

Enclosed, please find my manuscript "The Gibbons Blacksmith."

This is the last of the series of stories which you have been publishing in your paper. About the Town of Gibbons during its early years.

A great Second World War intervened causing the death of the old (but young then) Gibbons.

I am truly happy to have given a few "nostalgic" memories back to those who lived through those times.

Yet even happier if these stories have caused the many "new" residents, who now live at Gibbons. To see what Gibbons used to be like. And the way things were done in those very early times. Before electricity and running water. Even before the dirt roads became highways.

The times have made an almost full circle again. Because activities are becoming more and more once again, as time goes on in the town of Gibbons, Alberta.

The warmth of community spirit is rising once more.

Now, as I leave I am truly satisfied.

Thank you for your kindness in publishing my stories. I've loved writing about a wonderful time among wonderful people in my Home Town "Gibbons."

Margaret J. Atkinson.

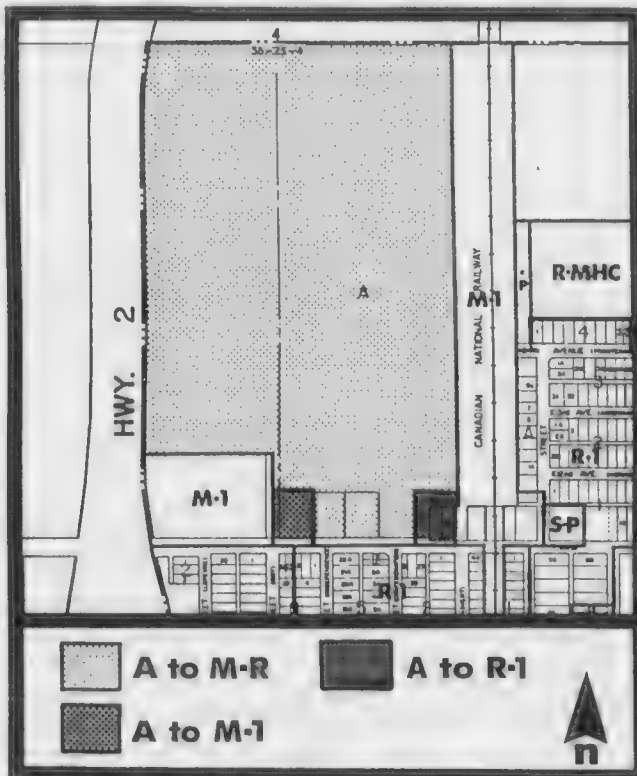

## NOTICE OF PUBLIC HEARING

The Council of the Town of Morinville having been given authority under Section 119 of the Planning Act, R.S.A. 1970, as amended, to control development within the boundaries of the Town of Morinville by zoning, will hold a public hearing.

The purpose of this bylaw is as follows:

That the Zoning Map attached to and forming part of the Zoning bylaw of the Town of Morinville be amended by zoning.

The lands shown below shall be rezoned from A (Agriculture) to M-R (Industrial Reserve), M-1 (Light Industrial) and R-1 (Single Family Residential) as indicated.

The proposed bylaw may be examined between the hours of 9:00 a.m. and 5:00 p.m. of the office of the Municipal Secretary of the Town of Morinville. The Public Hearing will be held in the Town Office on the 12th day of April, 1977 at 8:00 p.m.

Written objections to the proposed bylaw will be received by the Municipal Secretary at Town office until 4:00 p.m. on the 12th day of April, 1977.

Objections shall be submitted in writing prior to the meeting. Those written objections which have been received before the designated time will be discussed at the meeting before further presentations will be recognized.

PAUL E. BROCHU  
MUNICIPAL SECRETARY.

# Morinville Memos

By Marg Bentz

Morinville annual Parish supper will be held on Sunday, April 3, starting at 5 p.m. at the Recreation Centre. A delicious meal of hot beans, cabbage rolls, mushroom meatballs, vegetables, coleslaw and homemade pie, compliments of each lady of the parish, will be served. Family price is \$11., adults \$3., 10-15 years - \$2 and under 10 - \$1.00.

Don't forget that next Wednesday the Morinville Guides and Brownies will be having their rummage sale at the Recreation Centre starting at 9 a.m. Rummage can still be dropped off at 9913 - 102 Street or phone 939-4811 for pickup.

## BINGO

First Legion bingo will be starting April 7 at 8 p.m. and will be held every Thursday thereafter, at the Community Hall. Special guest caller for this first bingo will be Bob Arnold.

Drop on down to the Community Hall, Sunday evenings at 8 p.m. (during Lent) and join in on an old fashioned social gathering of visiting, cards and bingo. Coffee and cookies are available and its a nice place to meet your neighbours.

Jim Rousseau of Morinville U.F.A. Co-op would like

to thank everyone who stopped in during his grand opening on Saturday and helped make it such a grand success. First prize, an automatic coffee perculator, went to David Rockwell of Morinville. Shirley Andrusiw of Vimy won a case of oil as second prize, while Anne Kryskow of Morinville won third prize, a \$14 voucher. Congratulations to the winners.

The Legion held a St. Patrick's Day dance on March 18 and it was very successful. Winner of the major door prize was Dorothy Edmunson. Other prizes went to Al Davies, Mr. Pelletier, Mr. M. Rousseau, Mrs. E. Pautonnier, Mrs. S. Johnson.

There's not much time left to purchase your ticket on the "Two Hundred Dollar a month club." Tickets cost \$50 each or \$5 per month for 12 months and are available from Ag. Society members.

## CANCER CAMPAIGN

The Morinville United Church Ladies Aid and the Femme De Chriennes once again ask for your generous support to the Cancer campaign which will take place during the month of April. The ladies will be knocking on your door requesting a donation for this very worthy cause. Remember, cancer

can be beaten!

Legion Funspiel will be held on April 2 and will cost \$8 per person. Sixty-four people are needed to run this event, so join in on the fun and register now.

Westland Building Supplies held their grand opening last week with huge success. Draw for the door prizes was made on Saturday at 5 p.m. by three lovely young ladies - Trina Volmer and Barbara and Karen Hesse. Winners can drop around to Westland anytime and pick up their prizes. Congratulations to the following winners: Bonnie Shumka (12 x 12 carpet), Meryl Shelton of Legal (\$25 credit voucher), Adele Brenneis, St. Albert, Harvey Vranas, Tom Lewis and Janice Lamb (T5 Bostitch Stapler), Frank Volmer, Mrs. Charles Kieser, G. Wyllie, Edmonton, and Bill Newchuk of Vegreville, (one gallon of Olympic stain), Emil Billack of Edmonton, Ed Smith of St. Albert, Joan Nolte (one quart of Flecto Varathane), Jim Englehardt of Stony Plain (Black and Decker Skilsaw), Laurel Boddez (one carton Wainscat pine panelling), Pat Andrusiw of Legal (modular stereo stand), Lawrence Geleta of Vegreville (\$25 credit voucher), Len Bokenfohr (three sheets of wall panelling), Harold Lema of St. Albert (five ft. aluminum stepladder), Mary Litke (six bundles of asphalt shingles) and J. Barlishen of St. Albert (one carton cedar woodstrip). Westland would like to thank their suppliers for their participation and would also like to thank everyone who stopped in and helped make their grand opening such a huge success.

Morinville Motors senior hockey team would like to take this opportunity to thank their many fans for their loyal support throughout the year.

Three B (beef, beans and barley) dance will be held at the Morinville Legion on April 16 at 8:30 p.m. for Legion members and invited guests. Admission is \$4 per person and door prizes will be given out.

There will be no school from Monday, March 28 to Friday, April 1 as that will be the week of the spring break. School will resume at 9 a.m. on Monday, April 4. Good Friday will also be a holiday for the schools, however there will be school on Easter Monday.

A good crowd attended the Rendez-Vous Club St. Patrick's day party which was held on March 18 at the Clubhouse. First prize winners of whist were Mrs. Margaret Pyke for the ladies

and Mr. Gerard Rousseau for the men. Booby prize winners were Mrs. Elizabeth Kieser and Mr. Gerry Pelletier. Winners in bingo were as follows: Bernadette Ouellette, Floyd Vollrath, Rose Martel, Madelene Bauwens (also door prize winner) and Annie Brenneis. A delicious lunch was served and everyone had a wonderful time.

Get well wishes are extended to Bill Tieland who was injured in Sunday's senior hockey game against Gibbons. Bill was playing in goal when hurt and his many fans wish him a quick recovery.

Carnival plans are underway and it looks like once again the Morinville Lions Figure Skating Club will have a show to delight young and old alike. "Colours Unlimited" is the theme for this years ice carnival and numbers done to Purple, People Eater and Pink Panther are just two examples of the entertainment we are in for. Be sure and keep Sunday, April 17 open and bring the

whole family down.

## PAPER CYCLE

Papers can be dropped off at the Legion front porch anytime for the paper cycle.

Those interested in registering their children in pedal pushers can call Maurcen at 939-4560 or Phyllis at 939-3427. Proper bicycle safety and procedure are taught to the youngsters, but there must be enough parental interest shown.

Congratulations are extended to the Georges P. Vanier Junior girls basketball team who won first in league finals by defeating Riviere Qui Barre 22-12, on Saturday, March 19. The girls played very well and their efforts certainly paid off.

Reader's co-operation in telephoning or bringing in news items is greatly appreciated. Please phone 939-4145 or stop in at 9901 - 99 Avenue.

## Morinville Library News

The great outdoors, adventure, wilderness and the preservation of the ecology are the subjects covered in three new books.

"Packhorses to the Pacific" by Cliff Kopas. A young couple on their honeymoon set off from Calgary with five horses and \$2.65 in their pockets to travel the old trails of the explorers and traders, taking four months to reach the Pacific at Bella Coola. This was in 1933. The Banff-Jasper highway was just being made, but was still only a trail. The Yellowhead was slightly better. Familiar sounding names of places to today's travellers of these two highways makes for amusing reading with fragments of history as well.

"Spatsizi" by T. A. (Tommy) Walker is another outdoors adventure. (Spatsi-see) means the home of the Red Goat also the name of a river in Northern British Columbia, also the home of the Cariboo Hide Indians and now a provincial park. The story is about Tommy Walker's fight to preserve the 3000 square miles, of unblemished alpine land and the wild life that inhabits it. A timely book in view of the pipelines that might be built.

"Foxfire - 3." (There is also Foxfire 1 and 2) can be called "Folklore" but was first published as the result of a system of education thought up by a teacher in a small town in America. He had the idea of taking his pupils into the surrounding country and talking to the older generation. The idea was a great success and resulted in the publishing of these amusing books which

contain a mine of information. Foxfire 3 is about animal care, hide tanning, Banjos and dulcimers, butter churns and Ginseng. Ever heard of Ginseng? Find some and your future will be made.

"Birds of Alberta" by W. Ray Salt and Jim Salt. The title may sound familiar but this is a totally new and updated book with 303 colored illustrations 13 black and white drawings and 288 maps. Every new bird that has been sighted since the old "Birds of Alberta" was printed has been included.

"Colombo's Concise Canadian Quotations" is not an outdoors book but one for browsing over again and again. The quotations are in alphabetical order which makes it easier to find the

particular one you are looking for.

To join the library residents of Morinville pay a fee of \$1 per adult and 50 cents per student or \$3 per family. Non-residents pay a fee of \$2 per adult and \$1 per student or \$5 per family. Now regrettably we are asking MD residents to pay this fee annually. Library cost have risen steeply and no financial assistance is received from the Municipal District of Sturgeon.

We hope our MD patrons will understand and co-operate when the librarian informs them of the new regulations which will come into effect April 1, 1977 and will be due every April 1st thereafter, regardless of the date of joining the library.

# Morinville Motors lose to Gibbons in finals

**By Marg Bentz**  
Morinville Motors Seniors were annihilated by Gibbons in four games of the best of seven Sturgeon Valley Senior Hockey League finals when they lost the fourth and deciding game 9-3 in Gibbons Sunday, March 20 evening before a completely sold-out house. Friday (March 18) they fared little better losing 6-4, while at home in Morinville the Motormen dropped the second game of the series 6-3.

Tuesday evening (March 15) in Morinville the Motor Boys, who had just returned from the Provincial hockey wars in Barrhead, stood around in shell-shocked disarray and spotted the visitors four goals before breaking the shutout bid at 3:04 of the first period (John Balsillie from Jack MacAskill and Wayne Miller). Dex Dersh, assist O'Neil Chevalier, notched the only goal of the second period making the score 4-2 Gibbons, while rearguard Don Pruss assist

Jack MacAskill, scored Morinville's only third stanza marker. Darrel Laboucan (Gibbons) who was easily the most outstanding player in the series, fired a pair, Dan Valcourt, Larry Craig, Lloyd Christie and Gary Kieser got the other Gibbons goals.

Friday night the series moved to Gibbons where it was Morinville 3-0 after one period on goals by O'Neil Chevalier, assist Rick Wright; Jack MacAskill, assist Dersch and Chalifoux, and Rick Pugliese, assist Shrum and Houle. Gibbons tied the game in the second frame then outpaced the Motor Machine 3-1 in the final when Carl Royan (assist Dersch and MacAskill) managed the only Morinville marker. Darrel Laboucan notched another pair as did Mike O'Neil, Larry Craig and Tim O'Neil picked up the other Gibbons points.

Sunday night in Gibbons was a good hockey game until the end of the second (4-3 Gibbons). The first period had ended in a draw 1-1 but the final frame of the series featured five unanswered Gibbons goals.

The game seemed to turn halfway through the second stanza when Lockie Christie blindsided Morinville goalie, Bill Tieland. Christie's feat, which earned him five minutes in the penalty box sent Bill to the Sturgeon General and if the act had been perpetrated on a street corner instead of in an arena, could have sent Christie over to the Fort and not necessarily to play hockey.

This brings to a close senior hockey in Morinville and disappointing as it may be to lose the finals we have every reason to be proud of our team, may we join their many fans in thanks for a wonderful, entertaining season of hockey.

## JUVENILE ACTION

Morinville Juveniles have been doing better in late season play. Last week they tied Gibbons on a two goal performance by Ron Manasterki, singles went to Tony Adzit and Frank Schafer. Friday evening Wayne Hesse led the way with a pair; Tony Adzit, Don Bouvier and Salim Butt picked up loners

enroute to a five-three victory over the visiting Redwater team. Sunday evening Morinville's contingent was shaded 2-1 by St. Albert in an exhibition match, arranged by coach Ernie Brisson, to tune up for their (Morinville) upcoming tournament, the lone marker went to Bob Boissonnault.

## MINOR HOCKEY

Morinville Shaver B event to Gibbons on Saturday, March 19 and played in tournament action. The boys beat Redwater 4-0 in their first game on goals by Danny Wood 3 and Murray Bokenfohr 1. The boys lost 3-2 against Legal in overtime action with Jim Button and Terry Barker getting Morinville's goals. Also in overtime play, Morinville lost 4-3 to Bon Accord with Cary Royan, Darcy Wood and Jim Button scoring for Morinville.

Mite B played Bon Accord on Wednesday, March 16, winning 5-4 on goals by Jay Enright 2, Casey Bentz 1, Adam Domino 1 and Jerry

Lalonde 1. On Friday, Jeff White and Darren Pezer supplied the goals that beat Legal 2-1. Jack Christie received a shutout on Saturday against an Edmonton team while Jay Enright and Patrick Krauskopf each notched singles.

Cinq Concrete Mite A held a tournament in Morinville on Sunday, March 20. The boys won their first game 3-1 against St. Albert and lost their next two games to Sherwood Park Oilers and Sherwood Park Abbey Glen. The Oilers were the eventual tournament winners. Management would like to thank the referees for their services during the day.

Peewee B tied Onoway 2-2 on Saturday, March 19 with

Rod Rousseau and Keith Streeter supplying Morinville's goals.

Peewee A Elite Carpet Blades played St. Agnes on Wednesday, March 16, and won 7-1. The boys also won their first game with Banff 9-8 in Bow Island, last Friday evening.

Bantam A beat Redwater 6-0, on Thursday, March 17, on goals by Marty Hooper 2, Brandon Wood 2, Robert Wojtkiw 1 and Jamie Kryskow 1. On Sunday, the boys tied Gibbons 5-5 in the first game of the two-game total point series. Marty Hooper put in three goals while team-mates Danny Blackburn and Jamie Kryskow supplied singles.

## Sturgeon Valley Dairy Speak Offs

**By Danny Majeau**  
On March 4th the Sturgeon Valley 4H Dairy Club held its annual public speaking contest at Coronado Hall. The judges for the evening were Mr. Rick Milligan and Mr. Jerry Schick.

This year there were three divisions being peewee, juniors and seniors. The winner in peewee's was Victor Majeau. In junior's Valerie

Montpellier won the honors while Betty Kishak captured seniors. Valerie will now go on to speak at Namao on March 18 and Betty will speak at Independence Hall on March 21. Good luck girls.

The evening was thoroughly enjoyed by all. A delicious lunch was served by Mr. and Mrs. Van Allstein.

## Sturgeon Billboard

**THURSDAY, MARCH 24** - The Municipal District of Sturgeon is holding the Annual Meeting of Electors. Municipal Office, Morinville. 7:30 p.m.

**THURSDAY, MARCH 24** - Neighbourhood Watch is having a meeting at 8 p.m. at the Legion - Morinville.

**THURSDAY, MARCH 24** - A film sponsored by the Alberta Alcohol and Drug Abuse Commission will be shown at the Recreation Centre in Legal at 8 p.m. A discussion and question and answer period will follow. Anyone 18 years and over is welcome to attend.

**FRIDAY, MARCH 25** - Remember the Easter ham Bingo at Riviere Qui Barre starting at 7:30 p.m. The RQB 4H Beef Club are sponsoring this evening and hope for a good turnout.

**WEDNESDAY, MARCH 30 from 7 - 9:30 p.m.** Bon Accord Community - Blood Donor Clinic. (People should have a light meal before they donate).

**THURSDAY, MARCH 31** - Public Hearing on proposed development of Sewage Treatment facility and refuse grounds on Volrath farm property, Cardiff district. 7:30 p.m. M.D. Council Offices, Morinville.

**WEDNESDAY, JUNE 1** - Sturgeon Senior Citizens 6th annual barbecue and dance - Red Barn - 5 p.m.

**REPLY TO  
BOX 31, MORINVILLE**

## CO-OP IMPLEMENTS NEW DIRECTOR

D. V. Larson, President and Chairman of the Board of Co-op Implements, announces the election of Harry Krawchuk to the Board of Directors of the co-operative.

Mr. Krawchuk, who farms at Nampa, Alberta, is now Director of Region Seven, replacing Bernie Liland, who served the co-operative in this capacity for 19 years. Co-op Implement depots in Region Seven are Dawson Creek, Fairview, Falher, Fort St. John, Fort Saskatchewan, Grande Prairie, Grimshaw, Westlock and Wetaskiwin. Mr. Krawchuk was elected at the annual meeting of Co-op Implements held recently in Saskatoon.

Mr. Krawchuk has been a member of Co-op Implements since 1960, and delegate for the Falher depot district for the past six years.

Mr. Krawchuk was raised in Nampa and educated there and in Peace River. He has a diploma in General Agriculture from the Agricultural College in Fairview, and a diploma in Appraisal and Assessment from the University of Alberta.

He has been active in an official capacity in various co-operative and government groups including the UFA Co-op Farm Supply, the Nampa Co-op Seed Processors, the Peace River Agricultural Development Committee, the Peace River Improvement District, the United Grain Growers, and the Nampa and District Agricultural Society.

Mr. Krawchuk is a cereal grain farmer and a grower of pedigree seed. He is a member of the Canadian Seed Growers Association. Co-op Implements is a leading manufacturer and distributor of farm machinery, with 68 sales and service depots in the prairie provinces. The co-operative's executive offices and manufacturing facilities are in Winnipeg.

# Gibbons News

By Karen Hogg

Welcome back to Mr. and Mrs. Jack Hogg who returned last week from a holiday in Arizona. They were among the numerous friends who visited Mr. and Mrs. Tom Coley.

The Sturgeon Valley 4H Dairy Club will be holding a bingo on April 1st at 8 p.m. in the Community Hall. There will be 20 games, admission \$2 for master card extra cards 3 for \$1.00. Merchandise and cash will be awarded.

The Coronado UCW will be holding a tupperware party on March 31. Time and

place will be in next Gazette.

Bob and Shirley Martyniuk are pleased to announce the birth of their second child a baby girl. Christie Lynn was born Wednesday, March 16, weighing in at 6 lbs. 7 ozs. at the Royal Alex. She is a new baby sister for Annette.

Get better wishes are extended to Mr. John Fraser in intensive care at the Royal Alexandra.

A reminder to all Legion members of the games night to be held on Friday, March 25 at 8 p.m. Be sure to attend as it sounds like a very fun evening.

## WRESTLERS WIN MEDALS

Congratulations to all of the following boys during the Provincial Wrestling Championship which were held at the Strathcona High School last week.

Bronze winners - Louis Bibaud, Shaun Kerr, Don Epp and Kevin McLean. Silver winners - Sheldon Revoy, Jay Smith and Ken Wood. Gold winner - Marc Boisjoli. Other participants were Stuart Shaw and Trent McHardy and all the boys for a very successful championship.

## GIBBONS SUNDAY SCHOOL

The Gibbons Sunday School will be commencing classes on Sunday, April 3. Time is 10 a.m. The Sunday School is non-denominational and any children are welcome to attend.

The secretary would appreciate any pre-schoolers being registered for the first time be accompanied by a parent.

## GIBBONS SHAYER A WIN SHOWDOWN TROPHY

Congratulations to the

Gibbons Shaver A team on a very successful weekend. They defeated Bon Accord 7-2, Morinville 5-1 and Fort Saskatchewan 7-0 and tied the St. Albert Lions 2-2. All the wins put Gibbons in first

place in the semi-finals.

Semi final scores: St. Albert defeated Morinville 2-0 to meet Gibbons in the final game. Gibbons won the 1977 Showdown trophy 4-11 Way to go!

The Paper Committee for Brownies and Guides would like to apologize for the cancellation of the last paper drive. There will be another drive on March 29th at 6:30 p.m.

Lit only by two glimmering candleabras, the Gibbons Glee Club sang two beautiful numbers for the many people, who crowded the Gibbons Hall on Thursday evening. They provided a fine ending for an evening brim full of talent and entertainment.

## The Gibbons Blacksmith

By Margarette J. Atkinson

In the later 1920's a blacksmith shop was erected, just east of the butcher shop, on the south side of the main street at Gibbons.

Mr. Victor Nadeau was the very hard working blacksmith. Short in stature, Mr. Nadeau, made up for this in strength.

The ringing sound of his steel hammer could be heard throughout the day, winter and summer.

His shop was always occupied by the heavy footed work horses, from the farms, surrounding the community.

Many of the girls and lads who rode horseback to school, in those early days, would "stop in" at the blacksmith shop. Mr. Nadeau always found time for these unexpected problems.

He raised a fine family and lived in a large "square" type of house, with enough bedrooms, upstairs, for his family with his and Mrs. Nadeau's room just off the big kitchen.

In those early years when sickness struck, usually home remedies were used, very effectively.

Our blacksmith's wife was an exceptional specialist at the nasty sickness of whooping cough.

Often, when her daughter Marguerite and I would arrive in her back door, from our playing she would hand us each an empty pail and say "Now you girls, go down to Bob Gibbons sheep pasture, and bring me some fairly fresh sheep manure!"

At first I was shocked (to say the least) but she explained further "I make cough syrup, which is the

only kind to stop that horrible "whoop type" cough!

I realized she meant it and willingly went along to pick up sheep manure, for her cough medicine.

As we gathered the freshest we could, I can remember following one sheep around for quite a while, holding my bucket handy (just in case). I soon had quite a bucketful of truly fresh sheep droppings.

"Boy I wish someone had a picture of that now!"

I never did see what Mrs. Nadeau used, after boiling and straining that sheep manure.

But it cured the "whoop-type" cough. After about the fourth or fifth dosage the child would rest comfortably and play outdoors in no time at all. No more coughing. I tasted it, (after much coaxing). No wonder, (since I had been on the north end of a sheep facing south) for part of the ingredients.

But the clean pastures of those early times would be safe, (as no pesticides or weed sprays were known).

And, sheep do eat very fresh grass. Who knows what wonderful medicine was produced from the sheep's digestive process?

Whatever, it was Mrs. Nadeau beat modern medicine, on that cough cure.

Years went on, Marguerite died on having her tonsils out.

Mr. Nadeau decided to move away and give up the blacksmith trade.

It remained at Gibbons for many years under the ownership of Albert Loblick. To become a modern industrial shop of the now times.

## Reap the benefits of UFA

Come to where the growing is good. United Farmers of Alberta Co-operative Limited is growing daily. Here are some of the benefits you reap as a UFA owner-member.

- Patronage Dividends
- Efficient and Reliable Petroleum Service
- Guaranteed Farm Supplies

In April, 1977, over 60,000 owner-members will receive over \$3million in cash payouts on their UFA purchases, to be distributed throughout Alberta.

137 Petroleum Agencies and 21 Farm Supply Centres in Alberta serving the industry of agriculture.

# Gibbons Marlos win Sturgeon Valley championship

By Ron Coley  
In the fourth game of the finals, Gibbons Marlos walked over Morinville Motors 9-3 to win the finals four straight. The Marlos won nine straight playoff games to win the championship. They defeated Onoway in the quarter-finals two in a row. Went up against Bon Accord in the semi-finals winning three straight. And finally the Marlos humiliated Morinville four straight by scores of 4-1 and 6-3 in Morinville

and back home winning the next two games 6-4 and 9-3. Scoring for Gibbons in the fourth game were Darrell Labourcan, Gerry Armstrong and Mike O'Neill with two goals each, while Gary Kieser, Dennis Bodnar, and Larry Craig got singles. For Morinville Terry Maslyk, Don Pruss and Jack Macisshell scored singles. The three stars of this game were #1 Darrell Labourcan, Gibbons; #2 - Bill Tieland, Morinville and #3 - Mike

O'Neill, Gibbons as selected by Mr. Logan Carleton of Bon Accord.

Unfortunately Bill Tieland, goalie for Morinville was injured in the second period and had to be taken to hospital. At this printing his injuries are unknown.

Trophies were presented before the game by league president Don Bland to Morinville for finishing on top in the west division, to Bon Accord for finishing on top of the east division, to Roy Roemar, Bon Accord, for best goals against average, to Carl Royan, Morinville for most gentleman like play and ability through the year and finally to Tim O'Neill, Gibbons Marlos, top scorer in the league with 32 goals and 30 assists.

At this time I like to mention about the statistics that were printed incorrectly in the Sturgeon Gazette two weeks ago, I feel the league statistician should make a public apology for printing stats that were incorrect. If I wouldn't been keeping stats for the Gibbons Marlos, Jack Mocuskill of Morinville would have received the top scorer trophy. And no one would have been any the wiser. Jack finished up the season with 57 points. In fact

there was more than one error in the stats given to that edition of the Gazette.

On behalf of the Gibbons Marlos I would like to thank

those wonderful Gibbons fans who supported us throughout the season and especially in the playoffs. You fans were just tremendous!

And Bill you better get that old barbecue heated up - that beef will taste mighty good.

The Edmonton Eskimos were able to come up with three goals on Sunday afternoon against the Gibbons Indians. However, the hosting Indians came up with four goals to take the victory. Emcee for the entertaining match was C. R. Nichols from CHED Radio, who is a resident of the fair town of Gibbons.

## Namao News

By Norma Crozier

A Red Cross Blood Donor Clinic for the Namao-Bon Accord areas will be held in the Bon Accord Community Hall on March 30 from 7 - 9:30 p.m. Babysitting will be provided. Everyone able to donate a gift of life is urged to attend the clinic.

The Namao Explorers will hold their tea and talent gift sale in the Community Hall on April 6 at 3 p.m.

Get well wishes go to Allen Carson who is a patient in the Misericordia Hospital in Edmonton.

Mr. and Mrs. Dick Lowe are back home from a two week vacation in Florida.

Congratulations to Mr. and Mrs. Doug McBurney on a new grandson, Christopher Blair, born to Mr. and Mrs. Brian McBurney of Yellowknife on March 10, 1977. A big brother for Tracy.

### CLUB 60 PLUS ENJOY ST. PATRICK'S DAY

Shamrocks were the motif when Namao's Club 60 Plus entertained on St. Patrick's Day in the Community Hall. They were decorating the walls, serviettes and the buffet table centrepiece Irish hat holding the Irish biscuits, and on the tablecloth. Thirty-nine members wore touches of green, with green ties showing up among the men.

The exercises were marched to Irish band music, led by Alice Kreller. Before lunch everyone joined in

community singing, with Doris Clapp at the piano, and Bessie Craig leading with her beautiful contralto. It delighted to Irish hearts to hear again "My Wild Irish Rose," "Cockles and Mussels," "That's an Irish Lullaby," and "Killarney," to name just a few.

After playing bridge, 500, whist and pool, everyone enjoyed the Irish biscuits and scones with tea and coffee. Co-hostesses with Hazel Martin were Marjorie Clark, Bertha Speers and Alice Kreller.

Tickets for the June 1st barbecue at the Red Barn must be purchased before May 1st and are available from Club 60 Plus members Daisy Craig and Bruce Porter.

Next meeting is April 7 at 1:30 p.m.

A shower will be held in the Sunnyside Community Hall on March 29, 1977 at 8 p.m. honoring Lavonne Chowniec bride-elect of Tommy Bowman, wedding to take place on April 15.

## Don't take your car to airport

Travellers using Edmonton International Airport from now to April 20 are being advised to leave cars at home and use the limousine bus service to get to and from the airport.

Heavy booking of flights during the Easter holidays, construction new taking place to expand the existing parking area and the likelihood of temporary parking areas being extremely muddy due to unusually warm weather conditions will tax useable parking facilities to the limit.

Travellers may also face the expense of having to have their cars towed if it rains during this period and cars become bogged down in mud.

# Bon Accord News

By Sadie Allen

There will be a Catholic ladies meeting at the home of Rose Ruth 5053 - 48 Avenue, Bon Accord, Monday, April 4 at 8:15 p.m. Please attend. All ladies of the parish are invited.

You are reminded of the Blood Donor Clinic which will be held in the Bon Accord Hall on Wednesday, March 30 from 7 - 9:30 p.m. Donors are asked to eat a light meal before donating. Seventeen year old males may be donors with parental consent, age limit otherwise is 18. Ineligible for giving blood are new mothers up to six months after baby's birth, anyone with heart, kidney or ulcer, trouble and anyone who has had infectious hepatitis or malaria. Everyone who is eligible is asked to attend and give your "Gift of

Life."

Promotion night for Cadet Squad 524 was held in the Bon Accord Community Centre on March 15 with a good turnout of parents and friends present. Receiving promotions were Mike Noga to Flight Sgt., Fred Hutchings to Sgt. and Neil Porsild, Marjorie Meijer and Trent McHardy to Corporal. Mike Noga, Caroline Hutchings, Neil Porsild and Fred Hutchings will appear before the Selections Board in Penhold on March 26 trying out for various scholarships and advanced training courses in competition with other cadets from Alberta. Good luck to you all. A very successful bake-shoot was held by the squadron in the B.A.C.C. on March 20, and the Blood Donor Clinic is being sponsored by the Cadets. Another shoot is in the offing and

possibly a bottle drive with details on both to appear later.

The 4H Food Club held public speaking in the Bon Accord Arena on March 16. Successful speakers were: Senior - Karen Almquist - topic "Success" with honorable mention going to Debbie Kulay and Cathie Malan-chen, and Juniors, 1st - Maureen Hewitt - topic Knock on Wood; 2nd - Kim Boyd and 3rd - Cheryl Danake. Judges were Lynda Bland and Leona Petherbridge. Timekeeper was Logan Carleton and Cynthia Bojchko was MC for the evening.

The Local Association for Brownies and Guides met at the home of Ann Latta on March 1 with 12 present. Business dealt with the father, mother, daughter banquet coming up, the Brownie camp-out slated for April 15, 16 and 17 and final preparations for the St. Patrick's Day tea, which was held on March 12. The next meeting will be held at Diane Hartley's, 4719 - 51A Ave. (Roseglan).

Tickets for the Satellite dance being held on March 26 at the Cave, Bon Accord Arena, are available from Pauline Mansfield or Jack Burnham, Village Superette.

The demonstration, "Microwave Miracles" will be held in the Bon Accord

Community Centre on April 6 at 7:30 p.m. All those who have phoned in registrations, please get your registration fee of \$1 into Pauline.

## LADIES HOCKEY TEAM WINS FIVE

The Bon Accord R.E.C.-kettes, ladies hockey team, played tournament hockey at CFB Namao, over the past weekend and came out with flying colors. The tournament was a five-game, total point series. The REC-kettes won all five games, downing the Chestnuts by a 5-3 score, Westlock 2-1, Namao CFB 7-3 GWG 3-2 and the Capilano Cruisers 4-2. The victory over Capilano was a real triumph for the girls as they had had only one goal scored against them in the four previous games and were given the odds to win the tournament. Jacquie Morris won the trophy for top scorer in the tournament with all members of the club playing super hockey.

Mothers interested in pre-registering their children for the "Creative Activities and Skills and Fun" program for the fall are asked to attend a meeting in the basement of the B.A.C.C. on April 6 at 8 p.m. For more information contact Susan Creusot, 921-3977 or Margaret Yakimitz, 921-2441. More magnetic boards are needed for the program.

The Vestry for Holy Trinity

Anglican Church will meet after the 9 a.m. service on March 27.

The bingo jackpot is now \$250 in 58 numbers. The consolation was won by Susan Creusot and the bonanza went to Judith McFachran, Fort Saskatche-

wan. Bingo is played on Sundays at 7:30 in the Bon Accord Community Centre.

Sincerest sympathy is extended to the Kowalski and Milligan families in the loss of their mother, Mrs. Maude Kowalski and Mrs. Helen Milligan.

## THANK YOU

We wish to express to our friends, neighbors and relatives our sincere appreciation for acts of kindness, expressions of sympathy and memorial tributes during our recent bereavement in the loss of our mother.

THE KOWALSKI AND KNOWLES FAMILIES.

## Sunnyside News

By Lois Bowman

Home for a few days was Archie Maxfield. Archie now works in Inuvik. He arrived home just in time to help his daughter Cheryl celebrate her ninth birthday. It was great to have him around again.

Also back home from a two week trip to Hawaii are Tom and Tina Eppinga. They came home rested and sporting lovely tans.

Meanwhile off on a four to six week holiday are Barb Harper and Shirley Manning. These two lucky gals are off to Spain to visit Barb's sister Bonnie Laurendeau who lives in Spain. They also hope to visit parts of Europe and a tour of England is also in order.

The gals of the Sunnyside Ladies Club work hard all year and once a year it pays off as it is "Ladies Night" out. The gals went to the show and then went out for supper. It was alot of fun especially if you were lucky enough to ride in Brenda's van.

On Tuesday, March 29 the Sunnyside Ladies Club are having a shower for Lavonne Chwanice at the Sunnyside Hall. Lavonne is the bride elect of Tom Bowman. It is a miscellaneous shower and it starts about 8 p.m. Everyone is welcome.

Get well wishes go out this week to Fay Rye and also George Knight. George is at present a patient in the Fort Saskatchewan Hospital.

## Namao Beef public speaking

By Myrna Vaculchik

The Namao 4H Beef Club held its annual public speaking on March 10 at 8 p.m., at the Sunnyside Hall. Our chairman for the evening was Terry Vaculchik and our judges were Mrs. Fix and Mrs. Able.

Speaking for the seniors were Tim Sweetnam, Heather Mitchell, Myrna Vaculchik, Gary Kluss, and Betty Kushak. The speakers for the junior members were Leslie Mitchell, Linda Kushak, Mark Berger, Kevin Hiemstra, Cathy Carruthers, Sandy Berger and Nancy McKenzie. The senior members spoke first and then the juniors. Each of the members followed accordingly with their impromptu.

Following a break for coffee and lunch, the judges returned with their evaluation of the speeches. Mrs.

Fix discussed with each junior member their good and not so good points of their speech. First place in the junior division went to Cathy Carruthers with her speech called "Dreams." Second place went to Nancy McKenzie speaking on "My Bionic Steer."

Mr. Able summarized the results of the senior speakers with first place going to Myrna Vaculchik with her speech entitled "Seven Words to Live By." Second place went to Heather Mitchell and her speech on "4-H Land."

Congratulations to all the first year members for a job well done especially Sandy Berger who was the highlight of the evening.

We would like to thank our judges for their good work and all our parents for supporting us.

A film sponsored by the Alcohol and Drug Abuse Centre will be shown at the Recreation Centre in Legal on Thursday, March 24, at 8 p.m. An open discussion and a question and answer period will follow the film. Everyone 18 years and over are welcome to attend.

**HELP WANTED**  
**BERNICE'S HIGHWAY CAFE** is now in need of cooks and waitresses. If you are interested to apply, call

**BERNICE AT 961-3960**

Friday, March 25, has been set aside as a day of prayer for all the ladies of the community. There will be a special celebration at church at 2:30 p.m. Let us join in prayer on that day.

The St. Mary's Ukrainian Catholic Church of Waugh will be sponsoring a Easter bake sale, to be held at the Legal Co-op on Saturday, April 2. On sale will be cabbage rolls, pyrohy, Easter bread, cakes, etc. Sounds good. See you there.

Also the St. Mary's Ukrainian Catholic Church will hold a Spring Cabaret at the Legal Community Hall on

Saturday, April 16. Doors will open at 8 p.m. and the dance will start at 9 p.m. There will be a midnight hot supper with Ukrainian food served. Admission is \$6 per person. For tickets contact John or Helen Gill at 961-2275 or John or Anne

Zilinski at 961-2361. A door prize will be drawn during the evening.

A seminar will be held at the Bon Accord Hall, April 6th at 7:30 p.m. The Home Economist from Calgary Power is putting on the demon-

stration and will be answering any questions you might be having with your oven. This seminar is for ladies who already own a microwave or are planning to own one in the near future. All interested persons are re-

quired to pre-register by April 1st with a \$1 fee. We will be forming car pools.

For more information and pre-registration, please contact Georgette Cyr at 961-3041 or Yvette Gagne at 961-3746.

## Closed bonspiel - ends successful year

Our closed bonspiel held March 1 - 4 ended our 1976-77 year of curling very successfully. To wind up the evening a small lunch was served after the prizes were awarded. We'd like to thank the 12 teams who supported our Legal Curling Club Association and to anyone who subbed for these teams. Thanks goes out to these rinks: Marcel Kremer, Ray Brisson, Gary Gill, Gary Bolle, Martha St. Martin, Pat Keane, Ed Royan, Paul Tieulic, Henry Montpetit, Marcel St. Onge, Jack St. Martin and Albert Pelletier.

The Grand Challenge was won by the Keane rink consisting of Norm Rivard, skip; Pat Keane, third; Frank Zadunayski, second; and Denis Nault, lead. They were awarded a trophy donated by Edmonton Savings and Credit Union. Second event was won by Jack St. Martin rink receiving a trophy donated by Legal Hotel and third event by Henry Montpetit receiving a trophy donated by Busby Hotel.

Each curling member chose a prize from the wide choice of donations we received from businesses. We would like to express our thanks to the businesses who supported our closed bonspiel either with gifts or cash donations. They were: Edmonton Savings and Credit Union Ltd., Legal Hotel, Busby Hotel, Co-op, Revelstoke Hardware, M & A Confectionery, Carling O'Keefe, Derrien's Acoustics, Gerry's Mechanics, Legal Motors, Avon, W. W. Farm Equipment, Roger St. Martin Service, Real Durocher, Oliver's Steam Cleaning, Ricky's Beauty Salon, Fizer Insurance, J. Larose, Legal Transport, Legal Dairy Sales,

Legal Welding, Sturgeon Iron Works, Normco Construction and Legal Photo Studio.

The curling members would like to take this opportunity to thank the members of the Curling Board for this year's fine work. Thanks to Pat Keane, president; Norm Rivard, vice-president; Martha St. Martin, secretary; Ed Royan,

treasurer; Brian Durstling, Rene Shank and Steve Zadunayski, members.

It was unfortunate we couldn't get more curling in due to the ice conditions but that should encourage us more to get together and work for a new curling rink building and artificial ice for 1977-78. A good way to begin is by attending our annual

banquet and dance April 1. (This is no joke). The supper is at 6 p.m., dance at 9 p.m. with Let's Boogie. Tickets are available from any of the curling board members mentioned above. The proceeds will go towards a new curling rink building and artificial ice therefore everyone interested come on out and enjoy yourself.

## Legal CWL

The Legal St. Emile's CWL held their monthly meeting on Monday, March 17 with nine members present.

Our director opened the meeting with our league prayer. Our secretary, Madeline Cornelis read last month's minutes and gave the financial report.

Our president, Mary Quaghebeur informed us that at 2:30 p.m. on March 25, there will be a day of prayer for all catholic ladies of the world. So each and everyone of us should make a special effort to be at our church on that day.

We were informed that the We were informed that April and October are our two months to clean the recreation centre for 1977.

Mary next read the correspondence informing us of a meeting being held on March 24 at 8 p.m. on alcohol and drug abuse, at the recreation centre.

We will be buying the flowers again this year to decorate our church at Easter time.

Our St. Patrick's bake sale was a good success again this

year. Many thanks to all who so generously donated as well as all who baked all that good home baking. The lucky winner of the food hamper was Patti-Anne Stapleton. Congratulations Patti-Anne. Election time has rolled around again for next month. The nominations all have to be in by March 28. Please send them to Father Bissonnette and do not forget to sign them.

Any ladies wishing to join our CWL are most welcomed to come to our next meeting

on April 18.

Our annual convention will be held on April 26 in Dapp and Jarvie.

Mrs. Barry presented us with our study program. She very capably read and quizzed us about the reading.

On March 15 about 20 persons met at the recreation centre to listen to Pat Doerksen and Jim Soldan. They both very capably explained the basic steps on the metric system. Many thanks to both.

## Oilseed outlook good

World prices for oilseeds have moved upward since last fall. Demand for oilseeds, edible oils and high protein meals is expected to remain strong, according to an outlook report from Agriculture Canada's Economics Branch in Ottawa.

Canadian rapeseed prices are expected to remain strong, or to increase, over the rest of the 1976-77 crop

year. Decreased stocks and improving prices may encourage rapeseed plantings this spring. Demand is also expected to be strong for flaxseed, with prices remaining strong for the remainder of the crop year. Soybean plantings may also increase because the soybean-corn price relationship is strongly in favor of soybeans.

COUNTRY LOVERS .

**Planning to build**  
**in the country?**  
**Phone AGT now for**  
**phone service later!**

If you need new phone service for your acreage, summer cottage,  
 farm or rural business, call AGT now. All rural telephone lines are underground  
 and should be installed before freeze-up. Before that happens we need to make sure  
 that cable is in place - ready for connecting your service. That's why we need to know  
 your phone needs well in advance. When you call, please tell us the legal land  
 description of your property. Phone your AGT Business Office now.
